

2026 Tier 6 (Select Care Drugs)

Blue Cross and Blue Shield of North Carolina (Blue Cross NC) wants to help you save money on your medicines. If you have a Blue MedicareSM plan that offers Tier 6 (Select Care Drugs), you will pay a \$0 copay for Tier 6 medicines at preferred pharmacies in our network or a low cost at standard pharmacies. Tier 6 (Select Care Drugs) includes generic medicines for common conditions like high blood pressure, high cholesterol, and diabetes. To get the best value, use a preferred pharmacy, ask your doctor about switching to a generic medicine, and consider filling a 90-day supply to save time and money. Getting a 90-day supply can help you take your medicine on schedule and reduce your trips to the pharmacy.

The **generic medicines** listed below also have a \$0 copay at our preferred mail order pharmacy, **Amazon Pharmacy** – where you can enjoy the convenience of having your medications delivered directly to your home. To learn more about receiving your prescriptions through Amazon Pharmacy, visit [BlueCrossNC.com/Members/Medicare/Prescription-Drug/ By-Mail](https://www.bluecrossnc.com/Members/Medicare/Prescription-Drug/By-Mail).
