#### Special enrollment

If you are declining enrollment for yourself or your dependents (including your spouse/domestic partner) because of other health insurance including Medicaid, Children's Health Insurance Program (CHIP) or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (other than Medicaid or CHIP), or if the employer stops contributing toward your or your dependents' other coverage and within 60 days after the loss of Medicaid or CHIP eligibility. In addition, if you have a new dependent as a result of marriage, birth, adoption or placement for adoption or foster care, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption or placement for adoption or foster care, except when adding a dependent child will not change your coverage type or premiums that are owed.
