## ACCESS TO CARE STANDARDS PPO BEHAVIORAL HEALTH

BCBSNC and the Physician Advisory Group have endorsed the following Access to Care Standards for Behavioral Health Providers participating in the BCBSNC Network.

Average time for appointment:

Life –Threatening Emergency	Seen immediately or referred to the ER
Non-life Threatening Emergency	Seen within six hours
Urgent Care	Seen within forty-eight hours
Initial Visit for Routine Care	Seen within 10 business days
<b>Routine Office Visit</b>	Seen within 30 business days

Note: These standards apply to the POS network as well, as this network is a subset of the PPO network
