### Disclaimer

These reimbursement policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if Blue Cross and Blue Shield of North Carolina (Blue Cross NC) Medicare Advantage covered the service for the Healthy Blue + Medicare<sup>SM</sup> (HMO-POS D-SNP) member's benefit plan.

The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence.

You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with Current Procedure Terminology<sup>®</sup> (CPT) codes, Healthcare Common Procedure Coding System (HCPCS) codes, and/or revenue codes. These codes denote the services and/or procedures performed and, when billed, must be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our reimbursement policies apply to both participating and non-participating professional providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Blue Cross NC Medicare Advantage may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.
- Adjust the reimbursement to reflect the appropriate services and/or procedures performed.

These reimbursement policies may be superseded by mandates in provider, state, federal, or Centers for Medicare & Medicaid Services (CMS) contracts and/or requirements. Blue Cross NC Medicare Advantage strives to minimize delays in policy implementation. If there is a delay, we reserve the right to recoup and/or recover claims payment to the effective date in accordance with the policy. We reserve the right to review and revise these policies when necessary. When there is an update, we will publish the most current policy to the website.

## **Policy**

Blue Cross NC Medicare Advantage allows reimbursement for transport to and from covered services or other services mandated by contract unless provider, state, federal, or CMS contracts and/or requirements indicate otherwise. Reimbursement is based on the guidelines in this policy.

Blue Cross NC Medicare Advantage allows reimbursement for ambulance transport, and the services and supplies associated with the transportation, to the nearest facility equipped to treat the member.

## **Reimbursable**

Ambulance services reimbursement is based on the ambulance base rate per trip in accordance with the appropriate level of care provided to the member. Claims for transportation services must be billed with origin and destination modifiers, or the claim may be denied.

Providers should refer to their provider manual and state and federal guidelines for details on transportation submission requirements.

Services included in the ambulance base rate:

- Ambulance equipment and supplies:
  - Disposable/first aid supplies
  - Reusable devices/equipment
  - Oxygen
  - Intravenous (IV) drugs
- Ambulance personnel services

Services separately reimbursed from the ambulance base:

- Mileage

## **Nonreimbursable**

Blue Cross NC Medicare Advantage does not allow reimbursement of the following for ambulance or medical transport services:

- Non-emergency medical transport (NEMT)
- Mileage when the transport service has been denied or is not covered
- A member who is not available (no-show)

 Transportation Services: Ambulance and Non-Emergent Transport

Air ambulance	An equipped and staffed aircraft necessary to rapidly transport a member to the nearest appropriate facility that could not otherwise be accomplished or be accessed by a ground ambulance without endangering the member's health. Air ambulances are either rotary-wing (helicopter) or fixed-wing (commercial or private aircraft)
Ambulance Services	The medically necessary transport of a member by medically skilled personnel to the nearest appropriate facility equipped to provide care for the member's injury and/or illness. Services are delineated as Basic Life Support (BLS) or Advanced Life Support (ALS) levels of care, and further delineated as emergency or non-emergency.
Basic Life support (BLS)	Noninvasive services provided by personnel trained as emergency medical technicians (EMTs) (basic) in conjunction with applicable state laws
Emergency Ambulance Transportation	An urgent service in which the member experiences a sudden, unexpected onset of acute illness or injury requiring immediate medical or surgical care which the member secures immediately after the onset, (or as soon thereafter as practical) and, if not immediately treated, could result in death or permanent impairment to the member's health
Ground ambulance	An equipped and staffed land or water vehicle designed to transport a member in the supine position
Nonemergency ambulance transportation	A scheduled or unscheduled service in which the member requires attention by EMT-trained personnel while in transit
Non-Emergency Medical Transport Services (NEMT)	The transport of a member by non-medically skilled personnel (for example, laypersons) to receive covered services. There are several types of medical transport: ambulette/medi-van, wheelchair van, invalid coach, taxicab, mini-bus, and public transportation (for example, bus and/or subway). Also called Medical Transport Services
