

## Blue Cross NC Expands Specialty Pharmacy Precertification Lists

Effective for dates of service on and after December 1, 2025, the specialty Medicare Part B drug listed in the table below will be included in our precertification review process.

Federal and state law, as well as state contract language and CMS guidelines, including definitions and specific contract provisions/exclusions, take precedence over these precertification rules and must be considered first when determining coverage. Noncompliance with new requirements may result in claims not eligible for reimbursement.

HCP <sup>®</sup> or CPT <sup>®</sup> Codes	Medicare Part B Drugs
C9399, J3590	Avtozma (actemra biosimilar)
J3590	Osenvelt (xgeva biosimilar)
J3590	Ospomyv (prolia biosimilar)
J3590	Stoboclo (prolia biosimilar)
J3590	Xbryk (xgeva biosimilar)
