## Think about Your Medicare Coverage for Next Year

Each fall, Medicare allows you to change your Medicare health and drug coverage during the Annual Enrollment Period. It's important to review your coverage now to make sure it will meet your needs next year.

Important things to do:

- Check the changes to our benefits and costs to see if they affect you.** Do the changes affect the services you use? It is important to review benefit and cost changes to make sure they will work for you next year. Look in Sections 1.1, 1.2, 1.5 and 1.6 for information about benefit and cost changes for our plan.
- Check the changes to our prescription drug coverage to see if they affect you.** Will your drugs be covered? Are they in a different tier? Can you continue to use the same pharmacies? It is important to review the changes to make sure our drug coverage will work for you next year. Look in Section 1.6 for information about changes to our drug coverage.
- Check to see if your doctors and other providers will be in our network next year.** Are your doctors in our network? What about the hospitals or other providers you use? Look in Section 1.3 for information about our Provider Directory.
- Think about your overall costs in the plan.** How much will you spend out-of-pocket for the services and prescription drugs you use regularly? How much will you spend on your premium? How do the total costs compare to other Medicare coverage options?
- Think about whether you are happy with our plan.**

### **If you decide to stay with Blue Medicare PPO Enhanced Freedom:**

If you want to stay with us next year, it's easy – you don't need to do anything. If you don't make a change by December 7, you will automatically stay enrolled in our plan.

### **If you decide to change plans:**

If you decide other coverage will better meet your needs, you can switch plans between October 15 and December 7. If you enroll in a new plan, your new coverage will begin on January 1, 2013. Look in Section 3.2 to learn more about your choices.

## SECTION 1 Changes to Benefits and Costs for Next Year

### Section 1.1 – Changes to the Monthly Premium

	2012 (this year)	2013 (next year)
<b>Monthly premium</b>	\$99.90	\$109.60
(You must continue to pay your Medicare Part B premium.)		

- Your monthly plan premium will be *more* if you are required to pay a late enrollment penalty.
- If you have a higher income, you may have to pay an additional amount each month directly to the government for your Medicare prescription drug coverage.
- Your monthly premium will be *less* if you are receiving “Extra Help” with your prescription drug costs.

### Section 1.2 – Changes to Your Maximum Out-of-Pocket Amount

To protect you, Medicare requires all health plans to limit how much you pay “out-of-pocket” during the year. This limit is called the “maximum out-of-pocket amount.” Once you reach the maximum out-of-pocket amount, you generally pay nothing for covered Part A and Part B services for the rest of the year.

	2012 (this year)	2013 (next year)
<p><b>In-network maximum out-of-pocket amount</b></p> <p>Your costs for covered medical services (such as copays) from in-network providers count toward your in-network maximum out-of-pocket amount. Your plan premium does not count toward your maximum out-of-pocket amount.</p>	\$3,400	<p>\$3,400</p> <p>Once you have paid \$3,400 out-of-pocket for covered Part A and Part B services from in-network providers, you will pay nothing for your covered Part A and Part B services from in-network providers for the rest of the calendar year.</p>
<p><b>Combined maximum out-of-pocket amount</b></p> <p>Your costs for covered medical services (such as copays) from in-network and out-of-network providers count toward your combined maximum out-of-pocket amount. Your plan premium does not count toward your maximum out-of-pocket amount.</p>	\$5,100	<p>\$5,100</p> <p>Once you have paid \$5,100 out-of-pocket for covered Part A and Part B services, you will pay nothing for your covered Part A and Part B services from in-network or out-of-network providers for the rest of the calendar year.</p>

### Section 1.3 – Changes to the Provider Network

---

There are changes to our network of doctors and other providers for next year.

We included a copy of our Provider Directory in the envelope with this booklet. You may also call Customer Service for updated provider information or to ask us to mail you a Provider Directory. **Please review the 2013 Provider Directory to see if your providers are in our network.**

## Section 1.4 – Changes to the Pharmacy Network

Amounts you pay for your prescription drugs may depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered *only* if they are filled at one of our network pharmacies. Our network has both preferred and non-preferred pharmacies. Preferred pharmacies will offer you lower cost-sharing than non-preferred pharmacies.

There are changes to our network of pharmacies for next year.

We included a copy of our Pharmacy Directory in the envelope with this booklet. You may also call Customer Service for updated provider information or to ask us to mail you a Pharmacy Directory. **Please review the 2013 Pharmacy Directory to see which pharmacies are in our network.**

## Section 1.5 – Changes to Benefits and Costs for Medical Services

We are changing our coverage for certain medical services next year. The information below describes these changes. For details about the coverage and costs for these services, see Chapter 4, *Medical Benefits Chart (what is covered and what you pay)*, in your *2013 Evidence of Coverage*.

## Section 1.6 – Changes to Part D Prescription Drug Coverage

### Changes to Our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” We sent you a copy of our Drug List in this envelope.

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.**

If you are affected by a change in drug coverage you can:

- **Work with your doctor (or other prescriber) and ask the plan to make an exception** to cover the drug. You can ask for an exception before next year and we will give you an answer before the change takes effect. To learn what you must do to ask for an exception, see Chapter 9 of your *Evidence of Coverage (What to do if you have a problem or complaint (coverage decisions, appeals, complaints))* or call Customer Service.
- **Find a different drug** that we cover. You can call Customer Service to ask for a list of covered drugs that treat the same medical condition.

In some situations, we will cover a **one-time**, temporary supply. (To learn more about when you can get a temporary supply and how to ask for one, see Chapter 5, Section 5.2 of the *Evidence of Coverage*.) During the time when you are getting a temporary supply of a drug, you should talk with your doctor to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.

Current members who have requested and been approved for a formulary exception for the current plan year will continue to receive the drug until the date noted in the approval letter sent to the member at the time the drug exception was approved.

Once an authorization is granted, the member is not required to request a new approval for a refill or new prescription to continue using the approved drug during the remainder of the current plan year as long as the following apply: The member remains enrolled in the plan, the prescribing provider continues to prescribe the drug, and the drug continues to be safe for treating the member's condition. However, the member will be required to request a new approval once the original approval end date has been reached.

### Changes to Prescription Drug Costs

**There are four drug payment stages. Which “Drug Payment Stage” you are in affects how much you pay for a Part D drug.**

The information below shows the four drug payment stages. You can also look in Chapter 6 of your *Evidence of Coverage* for more information about the stages.

Note: If you are in a program that helps pay for your drugs (“Extra Help”), **the information about costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (also called the “Low Income Subsidy Rider” or the “LIS Rider”), which tells you about your drug coverage. If you don't have this insert, please call Customer Service and ask for the “LIS Rider.” Phone numbers for Customer Service are in Section 7.1 of this booklet.

<b>Stage 1</b> <i>Yearly Deductible Stage</i>	<b>Stage 2</b> <i>Initial Coverage Stage</i>	<b>Stage 3</b> <i>Coverage Gap Stage</i>	<b>Stage 4</b> <i>Catastrophic Coverage Stage</i>
Because we have no deductible, this payment stage does not apply to you.	You begin in this payment stage.  During this stage, the plan pays its share of the cost of your drugs and <b>you pay your share of the cost.</b>  You stay in this stage until your total drug costs reach the limit for the Initial Coverage Stage.	Most people do not reach the Coverage Gap Stage. If you do reach this stage, <b>your share of the costs for your drugs will change.</b>  You stay in this stage until your total “out-of-pocket costs” (your payments) reach the limit for the Coverage Gap Stage.	Most people do not reach the Catastrophic Coverage Stage. If you do reach this stage, <b>we will pay most of the cost</b> of your drugs for the rest of the calendar year (through December 31, 2013).

### **Stage 1: “Yearly Deductible Stage”**

Because Blue Medicare PPO Enhanced Freedom has no deductible, this stage does not apply to you.

### **Stage 2: “Initial Coverage Stage”**

In this stage, how much you pay for a drug depends on which “tier” the drug is in.

We moved some of the drugs on the Drug List to a lower or higher drug tier. To see if your drugs will be in a different tier, look them up on the Drug List.

The table below shows your costs for drugs in each of our 5 drug tiers. These amounts apply *only* during the time when you are in the Initial Coverage Stage.

You will stay in this stage until you reach the limit for the Initial Coverage Stage:

- **In 2013, the limit for the Initial Coverage Stage is \$2,970** (this year the limit is \$2,930). You stay in the Initial Coverage Stage until your “total drug costs” reach \$2,970).
- Once you reach this limit, you move on to the “Coverage Gap Stage.”

### Stage 3: “Coverage Gap Stage”

Once you reach the Coverage Gap stage, your costs for Part D drugs will change (the 5 drug tiers no longer apply).

In 2013, your costs for drugs in the Coverage Gap Stage will be:

- **Brand name drugs:** You pay **47.5% of the total cost (plus a portion of the dispensing fee)** (this year you pay 50% of the total cost for brand name drugs).
- **Generic drugs:** You pay **79% of the total cost** (this year you pay 86% of the total cost for generic drugs).

You will stay in the Coverage Gap Stage until you pay \$4,750) **out-of-pocket** for Part D drugs (this year it is \$4,700).

- Once you reach this total amount, you move on to the “Catastrophic Coverage Stage.”

#### **Stage 4: “Catastrophic Coverage Stage”**

The Catastrophic Coverage Stage is the last of the Drug Payment Stages. Once you are in this stage, you stay in it until the end of the calendar year.

Medicare requires all plans to have the same coverage in the Catastrophic Coverage Stage. So in this stage, all people with Medicare pay the same amount, no matter which plan they are in. In the Catastrophic Coverage Stage, we pay most of the cost for your Part D drugs. You pay the greater of:

- **5% of the total cost**
- -- or -- **\$2.65 copay for generic** (including brand drugs treated as generic) **and a \$6.60 copay for all other drugs** (this year you pay a \$2.60 copay for generic drugs and a \$6.50 copay for other drugs.)

### Are there other times of the year to make a change?

## SECTION 5 Programs That Offer Free Counseling about Medicare

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state. In North Carolina, the SHIP is called Seniors' Health Insurance Information Program (SHIIP).

SHIIP is independent (not connected with any insurance company or health plan). SHIIP counselors can help you with your Medicare questions or problems. They can help you understand your Medicare plan choices and answer questions about switching plans. You can call SHIIP at 1-919-807-6900 or 1-800-443-9354. You can learn more about SHIIP by visiting their Website (<http://www.ncdoi.com/SHIIP>).
