BLUE ADVANTAGE SUMMARY OF BENEFITS................................................... 87
IMPORTANT INFORMATION REGARDING THIS HEALTH BENEFIT PLAN:

You may have purchased this health benefit plan through the Health Insurance MARKETPLACE (MARKETPLACE) established through the federal health care reform legislation called the Patient Protection and Affordable Care Act. In order for a health insurance plan to be offered in the MARKETPLACE it must meet the requirements of a qualified health plan (QHP) which include coverage of a core set of benefits, called ESSENTIAL HEALTH BENEFITS, and certain limits on deductibles, copayments, and out-of-pocket costs. See “Glossary” for a list of the services that are considered ESSENTIAL HEALTH BENEFITS. Note that while no annual or lifetime dollar limits are allowed on ESSENTIAL HEALTH BENEFITS, federal law does allow insurance companies to include annual or lifetime dollar limits on non-essential health benefits. See “Summary of Benefits” for any limits that may apply.

By purchasing health insurance through the MARKETPLACE and depending on your household income, you may be eligible for federal subsidies, including a new type of tax credit that you can use to lower your monthly health insurance premium (called a premium subsidy) and/or financial assistance on out-of-pocket expenses, called cost-sharing reductions. In certain situations, the federal government no longer offers a premium subsidy once an individual qualifies for health benefits under the Medicare program. However, the rules that apply to such situations are complex. If you have questions about how your Medicare eligibility might affect the subsidy you are receiving, you should contact the MARKETPLACE. Find out more at www.healthcare.gov.

In accordance with applicable federal law, BCBSNC will not discriminate against any health care PROVIDER acting within the scope of their license or certification, or against any person who has received federal subsidies, or taken any other action to endorse his or her right under applicable federal law. Further, BCBSNC shall not impose eligibility rules or variations in premiums based on any specified health status-related factors unless specifically permitted by law.

This benefit booklet provides important information about your benefits and can help you understand how to maximize them. To help you become familiar with some common insurance terms concerning what you may owe after visiting your PROVIDER, see the chart below and the “Glossary”:

| Copayment | The fixed dollar amount you must pay for some COVERED SERVICES at the time you receive them, if this health benefit plan includes copayments. One copayment covers most services at a PROVIDER'S office. Copayments may also apply to URGENT CARE and emergency room services. Copayments are not credited to the deductible; however, they are credited to the TOTAL OUT-OF-POCKET LIMIT. |
| Deductible | The dollar amount you must incur for COVERED SERVICES in a BENEFIT PERIOD before benefits are payable under this health benefit plan. The deductible does not include coinsurance, charges in excess of the ALLOWED AMOUNT, amounts exceeding any maximum, or charges for noncovered services. |

<tr>
<td>TOTAL OUT-OF-POCKET LIMIT</td>
<td>The TOTAL OUT-OF-POCKET LIMIT is the dollar amount you pay for COVERED SERVICES in a BENEFIT PERIOD before BCBSNC pays 100% of COVERED SERVICES. The TOTAL OUT-OF-POCKET LIMIT does not include charges over ALLOWED AMOUNTS, including any charges over the allowable cost difference between GENERIC and BRAND-NAME drugs, premiums and charges for noncovered services.</td>

HOW BLUE ADVANTAGE WORKS

As a MEMBER of the Blue Advantage plan, you will enjoy quality health care from a network of health care PROVIDERS and easy access to SPECIALISTS. You also have the freedom to choose health care PROVIDERS who do not participate in the Blue Advantage network—the main difference will be the cost to you. Benefits are available for services from an IN- or OUT-OF-NETWORK PROVIDER that is recognized by BCBSNC as eligible. For a list of eligible PROVIDERS, please visit our website at www.bcbsnc.com or call BCBSNC Customer Service at the number listed in “Who to Contact?”

Here’s a look at how it works:

</thead>
<tbody>
<tr>
<td><strong>Type of Provider</strong></td>
<td><strong>IN-NETWORK PROVIDERS</strong> are health care professionals and facilities that have contracted with BCBSNC, or a PROVIDER participating in the BlueCard® Program. <strong>ANCILLARY PROVIDERS</strong> outside North Carolina are considered IN-NETWORK only if they contract directly with the Blue Cross or Blue Shield plan in the state where services are received, even if they participate in the BlueCard® Program. See the “Glossary” for a description of ANCILLARY PROVIDERS and the criteria for determining where services are received. <strong>IN-NETWORK PROVIDERS</strong> agree to limit charges for COVERED SERVICES to the ALLOWED AMOUNT. The list of IN-NETWORK PROVIDERS may change from time to time. IN-NETWORK PROVIDERS are listed on our website at <a href="http://www.bcbsnc.com">www.bcbsnc.com</a>, or call BCBSNC Customer Service at the number listed in “Who to Contact?”</td>

<tr>
<td>AMERICAN INDIAN/ALASKA NATIVE PROVIDERS</td>
<td>If you are eligible to receive care from an AMERICAN INDIAN/ALASKA NATIVE PROVIDER and are a MEMBER who has been designated by the MARKETPLACE to be American Indian/Alaska Native, you and your AMERICAN INDIAN/ALASKA NATIVE PROVIDER are subject to all terms and requirements set forth in this booklet, including, but not limited to, filing claims and PRIOR REVIEW requirements.</td>

| After-hours Care | If you need nonemergency services after your Provider’s office has closed, please call your Provider’s office for their recorded instructions. |

| Referrals | BCBSNC does not require you to obtain referrals. However, in order for Members who are designated by the Marketplace to be American Indian/Alaska Native, and do not qualify for an American Indian/Alaska Native specific plan, to receive cost sharing adjustments from Providers other than American Indian/Alaska Native Providers, BCBSNC may require you to obtain a referral. |

| Care Outside of North Carolina | Your ID Card gives you access to participating Providers outside the state of North Carolina through the BlueCard® Program, and benefits are provided at the In-Network benefit level. |
| If you are in an area that has participating Providers and you choose a Provider outside the network, you will receive the lower Out-of-Network benefit. Also see “Out-of-Network Benefit Exceptions.” |

**OUT-OF-NETWORK Benefit Exceptions**

In an **EMERGENCY**, in situations where **IN-NETWORK PROVIDERS** are not reasonably available as determined by BCBSNC’s access to care standards, or in continuity of care situations, **OUT-OF-NETWORK** benefits will be paid at the **IN-NETWORK** benefit level. However, you may be responsible for charges billed separately by the PROVIDER which are not eligible for additional reimbursement. If you are billed by the PROVIDER, you will be responsible for paying the bill and filing a claim with BCBSNC.

For more information, see one of the following sections: “EMERGENCY Care” or “Continuity of Care” in “UTILIZATION MANAGEMENT.” For information about BCBSNC’s access to care standards, see our website at [www.bcbsnc.com](http://www.bcbsnc.com) and type “access to care” in the search bar. If you believe an **IN-NETWORK PROVIDER** is not reasonably available, you can help assure that benefits are paid at the correct benefit level by calling BCBSNC before receiving care from an **OUT-OF-NETWORK PROVIDER**.
**HOW BLUE ADVANTAGE WORKS (cont.)**

**Carry Your IDENTIFICATION CARD**
Your ID CARD identifies you as a Blue Advantage MEMBER. Be sure to carry your ID CARD with you at all times and present it each time you seek health care.

For ID CARD requests, please visit our website at BlueConnectNC.com or call BCBSNC Customer Service at the number listed in “Who to Contact?”

**The Role of a PRIMARY CARE PROVIDER (PCP) or SPECIALIST**
BCBSNC does not require that you designate a PCP to manage your health care. However, it is important for you to maintain a relationship with a PCP, who will help you manage your health and make decisions about your health care needs. If you change PCPs, be sure to have your medical records transferred, especially immunization records, to provide your new DOCTOR with your medical history. You should participate actively in all decisions related to your health care and discuss all treatment options with your health care PROVIDER regardless of cost or benefit coverage. PCPs are trained to deal with a broad range of health care issues and can help you to determine when you need a SPECIALIST. PROVIDERS from medical specialties such as family practice, internal medicine and pediatrics may participate as PCPs.

Please visit our website at www.bcbsnc.com and click on ‘Find a Doctor’ or call BCBSNC Customer Service to confirm that the PROVIDER is in the network before receiving care.

If your PCP or SPECIALIST leaves our PROVIDER network and they are currently treating you for an ongoing special condition, see “Continuity of Care” in “UTILIZATION MANAGEMENT.”

Upon the request of the MEMBER and subject to approval by BCBSNC, a SPECIALIST treating a MEMBER for a serious or chronic disabling or life-threatening condition can act as the MEMBER’S PCP. The selected SPECIALIST would be responsible for providing and coordinating the MEMBER’S primary and specialty care. The selection of a SPECIALIST under these circumstances shall be made under a treatment plan approved by the SPECIALIST and BCBSNC, with notice to the PCP if applicable. A request may be denied where it is determined that the SPECIALIST cannot appropriately coordinate the MEMBER’s primary and specialty care.

To make this request or if you would like the professional qualifications of your PCP or IN-NETWORK SPECIALIST, you may call BCBSNC Customer Service at the number listed in “Who to Contact?”

**Premium Payments**
You may view payment information, payment history, and current amount due by visiting our website at www.bcbsnc.com. Your premiums are due on or before your premium due date. If you pay your premiums through automatic bank draft, please be aware that if there are insufficient funds, BCBSNC may attempt to debit your bank account until sufficient funds are received. We will not make more than two attempts to debit your bank account. BCBSNC does not charge a fee for this service; however, your bank may charge a fee if there are insufficient funds to cover the payment.

If premium payments are not made within the time allowed, this health benefit plan will be terminated. In order to enroll in a new plan after terminating for nonpayment, BCBSNC may require you to pay any past due premiums
HOW BLUE ADVANTAGE WORKS (cont.)

within the last 12 months in addition to the first month’s premium for your new plan, as allowed under Federal law.

If you purchased a MARKETPLACE plan, you will receive a 25-day grace period for payment of premiums if you do not receive an Advanced Premium Tax Credit (APTC) or a three-month grace period for payment of premiums if you receive an APTC. If you did not purchase a MARKETPLACE plan, you will receive a 25-day grace period for payment of premiums before automatic termination. However, if BCBSNC receives your premiums past the premium due date, BCBSNC may charge a fee for any late payment of premiums. You will be notified if you incur any fees charged by BCBSNC. Failure to pay the fee, either by separate payment or by including the payment with your next premium payment, will result in your next payment being applied first to any outstanding fees INCURRED and then to your premium payment. This may result in a shortage of monies owed on your premium payment and may result in termination of coverage. See “Termination of MEMBER Coverage.”

If you have been terminated and wish to be reinstated, the following applies:
• If you purchased a MARKETPLACE plan, you will need to comply with the MARKETPLACE’S requirements regarding enrollment periods. The MARKETPLACE will determine your eligibility.
• If you did not purchase a MARKETPLACE plan, you must either submit a written request for reinstatement to BCBSNC Financial Processing Services, call our pay-by-phone number at 1-800-333-7009 or log on to your Blue Connect account within 30 days from the date of the termination notice. To be considered for reinstatement, you must also include any overdue premiums owed plus current amount due, and any administrative fees in order to bring your account to a current status. Please submit your written request along with a check or money order, payable to BCBSNC, to:

  BCBSNC Financial Processing Services  
  PO Box 30080  
  Durham, NC 27707-3080

or call BCBSNC Customer Service at the number listed in “Who to Contact?” to have your credit or debit card charged or checking account drafted for the total amount due. In the event that reinstatement is not approved, you may choose to reapply for health insurance coverage at the allowed times by filling out the proper application. Reapplying for coverage does not guarantee approval of coverage.

Please note that premium payments are automatically deposited. BCBSNC’s deposit of premiums does not mean an acceptance of coverage. If you have been notified that your coverage is terminated or is scheduled to be terminated, any deposit of premiums by BCBSNC in excess of premiums that are due and owing for the coverage period will not constitute an extension of coverage. BCBSNC will return any excess premium payments. When BCBSNC decides at its sole discretion to accept a late premium payment, BCBSNC will reinstate your coverage back to the date of termination rather than return such premium payment provided that all outstanding fees have been paid.

If you purchased a MARKETPLACE plan, the MARKETPLACE determines your eligibility for and/or any amount of the APTC that you may be eligible to receive. BCBSNC will only accept APTC information from the MARKETPLACE. For any questions or concerns regarding your eligibility or amount of your APTC, please contact the MARKETPLACE at www.healthcare.gov or call the number listed in “Who to Contact?”
COVERED SERVICES

Blue Advantage covers only those services that are MEDICALLY NECESSARY. Also keep in mind as you read this section:

- Certain services require PRIOR REVIEW and CERTIFICATION in order for you to avoid a full denial of benefits. General categories of services are noted below as requiring PRIOR REVIEW. Also see “PRIOR REVIEW/Pre-Service” in “UTILIZATION MANAGEMENT” for information about the review process, visit our website at www.bcbsnc.com or call BCBSNC Customer Service to ask whether a specific service requires PRIOR REVIEW and CERTIFICATION.
- Exclusions and limitations apply to your coverage. Service-specific exclusions are stated along with the benefit description in “COVERED SERVICES.” Exclusions that apply to many services are listed in “What Is Not Covered?” To understand the exclusions and limitations that apply to each service, read “COVERED SERVICES,” “Summary of Benefits” and “What Is Not Covered?”
- You may receive, upon request, information about Blue Advantage, its services and DOCTORS, including a printed copy of this benefit booklet with a benefit summary, and a printed directory of IN-NETWORK PROVIDERS.
- Certain services are covered pursuant to BCBSNC medical and reimbursement policies, which are updated throughout the plan year. These policies lay out the procedure and criteria to determine whether a procedure, treatment, facility, equipment, drug or device is MEDICALLY NECESSARY and eligible for coverage, INVESTIGATIONAL or EXPERIMENTAL, COSMETIC, a convenience item, or requires PRIOR REVIEW and CERTIFICATION by BCBSNC. The most up-to-date medical and reimbursement policies are available at www.bcbsnc.com, or call BCBSNC Customer Service at the number listed in “Who to Contact?”
- From time to time, MEMBERS may receive a reduced or waived copayment, deductible, and/or coinsurance on designated services or therapies in connection with programs designed to reduce medical costs.

Office Services

Care you receive as part of an OFFICE VISIT, electronic visit, or house call is covered. This health benefit plan may have a visit limit on PCP OFFICE VISITS, see “Summary of Benefits.” PCP OFFICE VISITS in excess of any visit limits are subject to deductible and coinsurance. If applicable, multiple OFFICE VISITS on the same day may result in multiple copayments.

If this health benefit plan has copayments for PCP OFFICE VISITS, a copayment will not apply if you only receive services such as allergy shots or other injections and are not charged for an OFFICE VISIT.

If this health benefit plan has copayments for PCP or SPECIALIST OFFICE VISITS, certain office SURGERIES for the treatment of sinus disease are subject to deductible and coinsurance.

Certain office SURGERIES may require PRIOR REVIEW and CERTIFICATION or services will not be covered.

Some DOCTORS or OTHER PROVIDERS may practice in HOSPITAL-based or OUTPATIENT CLINICS or provide HOSPITAL-based services in their offices. These services are covered as outpatient services and are listed as HOSPITAL-based or OUTPATIENT CLINIC in “Summary of Benefits.”

Please check with your PROVIDER before your visit to determine if your PROVIDER will collect deductible and coinsurance, or you can call BCBSNC Customer Service at the number listed in “Who to Contact?” for this information.
Preventive Care
This health benefit plan covers Preventive Care that can help you stay safe and healthy.

Preventive Care services may fall into two categories: (1) federally-mandated Preventive Care services (required to be covered at no cost to you IN-NETWORK); and (2) state-mandated Preventive Care services (required to be offered both IN- and OUT-OF-NETWORK). In order to determine your benefit, it is important to understand what type of Preventive Care service you are receiving, where you are receiving it and why you are receiving it.

Federally-Mandated Preventive Care Services
Under federal law, you can receive certain covered Preventive Care services from an IN-NETWORK PROVIDER in an office-based, outpatient ambulatory surgical setting, or urgent care center at no cost to you. Please log on to our website at www.bcbsnc.com/preventive or call BCBSNC Customer Service at the number in “Who to Contact?” for the most up-to-date information on Preventive Care that is covered under federal law, including general preventive services and screenings, immunizations, well-baby/well-child care, women’s Preventive Care and certain over-the-counter medications. These over-the-counter medications are covered only as indicated and when a provider’s prescription is presented at a pharmacy.

The following conditions must be met for these services to be covered at no cost to you IN-NETWORK:
• Services are designated as Preventive Care services under federal law (see above website for the most up-to-date information);
• Services are performed by an IN-NETWORK PROVIDER;
• Services are provided in an office-based, outpatient or ambulatory setting or urgent care center; and
• Services are filed with a primary diagnosis of preventive or wellness, and do not include any additional procedures, such as diagnostic services.

Please note that if a particular Preventive Care service does not have a federal recommendation or guideline concerning the frequency, method, treatment or setting in which it must be provided, BCBSNC may use reasonable medical management procedures to determine any coverage limitations or restrictions that may apply. Services that would otherwise be excluded under this health benefit plan will be covered at no cost sharing if the criteria mentioned above are met. Visit www.bcbsnc.com/preventive or call BCBSNC Customer Service at the number listed in “Who to Contact?” for a complete list of these federally-mandated Preventive Care services that are covered under this health benefit plan.

In certain instances, you may receive Preventive Care services that are covered under this health benefit plan; however, these services are subject to your applicable copayment, deductible and coinsurance. The following information will help you determine why you did not receive these services at no cost to you:

Most PREVENTIVE CARE services performed by OUT-OF-NETWORK PROVIDERS are not covered. However, the following list of services is mandated by the state of North Carolina and is available OUT-OF-NETWORK. If you see an OUT-OF-NETWORK PROVIDER for these services, your benefits will be subject to the OUT-OF-NETWORK benefit level.

State-Mandated PREVENTIVE CARE Services

Bone Mass Measurement Services

This health benefit plan covers one scientifically proven and approved bone mass measurement for the diagnosis and evaluation of osteoporosis or low bone mass during any 23-month period for certain qualified individuals only. Additional follow-up bone mass measurement tests will be covered if MEDICALLY NECESSARY. Please note that bone mass measurement tests will be covered under your diagnostic benefit (not your PREVENTIVE CARE benefit) if the claim for these services indicates a primary diagnosis of something other than preventive or wellness. Your diagnostic benefit will be subject to your benefit level for the location where services are received.

Qualified individuals include MEMBERS who have any one of the following conditions:
- Estrogen-deficient and at clinical risk of osteoporosis or low bone mass
- Radiographic osteopenia anywhere in the skeleton
- Receiving long-term glucocorticoid (steroid) therapy
- Primary hyperparathyroidism
- Being monitored to assess the response or effect of commonly accepted osteoporosis drug therapies

Colorectal Screening

Colorectal cancer examinations and laboratory tests for cancer are covered for any symptomatic or asymptomatic MEMBER who is at least 50 years of age, or is less than 50 years of age and at high risk for colorectal cancer. Increased/high risk individuals are those who have a higher potential of developing colon cancer because of a personal or family history of certain intestinal disorders. Some of these
COVERED SERVICES (cont.)

procedures are considered SURGERY, such as colonoscopy and sigmoidoscopy, and others are considered lab tests, such as hemoccult screenings. Lab work done as a result of a colorectal screening exam will be covered under your diagnostic benefit and not be considered PREVENTIVE CARE. It will be subject to your benefit level for the location where services are received. However, lab work for the removal of polyps during the screening exam is considered PREVENTIVE CARE.

The PROVIDER search on our website at www.bcbsnc.com can help you find office-based PROVIDERS or you can call BCBSNC Customer Service at the number listed in “Who to Contact?” for this information.

Gynecological Exam and Cervical Cancer Screening
The cervical cancer screening benefit includes the examination and laboratory tests for early detection and screening of cervical cancer, and DOCTOR’S interpretation of the lab results. Newborn Hearing Screening
Coverage is provided for newborn hearing screening ordered by a DOCTOR to determine the presence of permanent hearing loss.

Ovarian Cancer Screening
For female MEMBERS ages 25 and older at risk for ovarian cancer, an annual screening, including a transvaginal ultrasound and a rectovaginal pelvic examination, is covered. A female MEMBER is considered “at risk” if she:
• has a family history with at least one first-degree relative with ovarian cancer; and a second relative, either first-degree or second-degree with breast, ovarian, or nonpolyposis colorectal cancer; or
• tested positive for a hereditary ovarian cancer syndrome.

Beginning at age 40, one screening mammogram will be covered per female MEMBER per BENEFIT PERIOD, along with a DOCTOR’S interpretation of the results. More frequent or earlier mammograms will be covered as recommended by a DOCTOR when a female MEMBER is considered at risk for breast cancer.

A female MEMBER is “at risk” if she:
• has a personal history of breast cancer
• has a personal history of biopsy-proven benign breast disease

• has not given birth before the age of 30.

Obesity Treatment/Weight Management
This health benefit plan provides coverage for OFFICE VISITS for the evaluation and treatment of obesity; see “Summary of Benefits” for visit maximums. Benefits are also provided for surgical treatment of morbid obesity (bariatric surgery) if you have received 12 months of medical management for this condition prior to the surgical procedure, supervised by your DOCTOR or OTHER PROFESSIONAL PROVIDER. You may want to go to a Blue Distinction Center for Bariatric Surgery®, which is a HOSPITAL that has been designated as delivering quality specialty care. Visit http://www.bcbs.com/why-bcbs/blue-distinction/bdcenters.html to find a Blue Distinction Center for Bariatric Surgery® near you. Bariatric surgery services require PRIOR REVIEW and CERTIFICATION or services will not be covered. Coverage is also provided for PRESCRIPTION DRUGS approved by the U.S. Food and Drug Administration (FDA) for short-term and long-term use in the treatment of obesity. See “PRESCRIPTION DRUG Benefits.”

This health benefit plan also provides benefits for nutritional counseling visits to an IN-NETWORK PROVIDER as part of your PREVENTIVE CARE benefits. The nutritional counseling visits may include counseling specific to achieving or maintaining a healthy weight. Nutritional counseling visits are separate from the obesity-related OFFICE VISITS noted above.

Ambulance Services
This health benefit plan covers services in a ground ambulance traveling:
- From a MEMBER’s home or scene of an accident or EMERGENCY to a HOSPITAL
- Between HOSPITALS
- Between a HOSPITAL and a SKILLED NURSING FACILITY

when such a facility is the closest one that can provide COVERED SERVICES appropriate to your condition. Benefits may also be provided for ambulance services from a HOSPITAL or SKILLED NURSING FACILITY to a MEMBER’s home when MEDICALLY NECESSARY.

This health benefit plan covers services in an air ambulance traveling from the site of an EMERGENCY to a HOSPITAL when such a facility is the closest one that can provide COVERED SERVICES appropriate to your condition. Air ambulance services are eligible for coverage only when ground transportation is not medically appropriate due to the severity of the illness or the pick-up point is inaccessible by land. Nonemergency air ambulance services
require PRIOR REVIEW and CERTIFICATION or services will not be covered.

**Ambulance Services Exclusions**
- Services provided primarily for the convenience of travel
- Transportation to or from a DOCTOR’S office or dialysis center
- Transportation for the purpose of receiving services that are not considered COVERED SERVICES, even if the destination is an appropriate facility.

**Blood Exclusion**
- Charges for the collection or obtainment of blood or blood products from a blood donor, including the MEMBER in the case of autologous blood donation.

**Certain Drugs Covered under Your Medical Benefit**
This health benefit plan covers certain PROVIDER-ADMINISTERED SPECIALTY DRUGS that must be dispensed under a PROVIDER’s supervision in an office, outpatient setting, or through home infusion. These drugs are covered under your medical benefit rather than your PRESCRIPTION DRUG benefit. Coverage of some of these drugs may be limited to certain PROVIDER settings (such as office, outpatient, AMBULATORY SURGICAL CENTER, or HOME HEALTH AGENCY). For a list of drugs covered under your medical benefit that are covered only at certain PROVIDER settings, visit our website at www.bcbsnc.com.

**Clinical Trials**
This health benefit plan provides benefits for participation in clinical trials phases I, II, III, and IV. Coverage is provided only for MEDICALLY NECESSARY costs of health care services associated with the trials, and only to the extent such costs have not been or are not funded by other resources. The MEMBER must meet all protocol requirements and provide informed consent in order to participate. The trial must involve the treatment of cancer or a life-threatening medical condition with services that are medically indicated and preferable for that MEMBER compared to non-investigational alternatives. In addition, the trial must:

- Be approved by centers or groups funded by the National Institutes of Health, the U.S. Food and Drug Administration (FDA), the Centers for Disease Control and Prevention, the Agency for Health Care Research and Quality, the Department of Defense or the Department of Veterans Affairs
- Be conducted in a setting and by personnel of high expertise based on training, experience and patient volume.

**Clinical Trials Exclusions**

- INVESTIGATIONAL drugs and devices and services that are not for the direct clinical management of the patient.
Dental Treatment Covered Under Your Medical Benefit
For MEMBERS who are up to age 19 see “Pediatric Dental” for additional dental care benefits. This health benefit plan provides benefits for services provided by a duly licensed DOCTOR, DOCTOR of dental SURGERY or DOCTOR of dental medicine for diagnostic, therapeutic or surgical procedures, including oral SURGERY involving bones or joints of the jaw, when the procedure or dental treatment is related to one of the following conditions:
- Accidental injury of sound teeth, jaw, cheeks, lips, tongue, roof and floor of the mouth
- CONGENITAL deformity, including cleft lip and cleft palate
- Removal of:
  - oral tumors which are not related to teeth or associated dental procedures
  - oral cysts which are not related to teeth or associated dental procedures
  - exostoses for reasons other than for preparation for dentures.

This health benefit plan provides benefits for extractions, root canal therapy, crowns, bridges, and dentures necessary for treatment of accidental injury or for reconstruction for the conditions listed above. In addition, benefits may be provided for dentures and orthodontic braces if used to treat CONGENITAL deformity including cleft lip and cleft palate.

When any of the conditions listed above require surgical correction, benefits for SURGERY will be subject to MEDICAL NECESSITY review to examine whether the condition resulted in functional impairment. Examples of functional impairment include an impairment that affects speech or the ability to eat, or injury to soft tissue of the mouth.

In special cases, benefits are provided only for anesthesia and facility charges related to dental procedures performed in a HOSPITAL or AMBULATORY SURGICAL CENTER. This benefit is only available to DEPENDENT CHILDREN below nine years of age, persons with serious mental or physical conditions and persons with significant behavioral problems. The treating PROVIDER must certify that the patient’s age, condition or problem requires hospitalization or general anesthesia in order to safely and effectively perform the procedure. Other DENTAL SERVICES, including the charge for SURGERY, are not covered unless specifically covered by this health benefit plan.

In addition, benefits will be provided if a MEMBER is treated in a HOSPITAL following an accidental injury, and COVERED SERVICES such as oral SURGERY or reconstructive procedures are required at the same time as treatment for the bodily injury.

Unless reconstructive DENTAL SERVICES following accidental injury are related to the bones or joints of the jaw, face, or head, reconstructive DENTAL SERVICES are covered only when provided within two years of the accident.

PRIOR REVIEW and CERTIFICATION are required for certain surgical procedures or services will not be covered, unless treatment is for an EMERGENCY.

Treatment for the following conditions:
- Injury related to chewing or biting
- Preventive dental care, diagnosis or treatment of or related to the teeth or gums

**Diabetes-Related Services**
All MEDICALLY NECESSARY diabetes-related services, including equipment, supplies, medications and laboratory procedures are covered. Diabetic outpatient self-management training and educational services are also covered. Your benefit depends on where services are received. See “Summary of Benefits.”

**Diagnostic Services**
Diagnostic procedures, such as laboratory studies, sleep studies, radiology services and other diagnostic testing, which may include electroencephalograms (EEGs), electrocardiograms (ECGs), Doppler scans and pulmonary function tests (PFTs), help your DOCTOR find the cause and extent of your condition in order to plan for your care. Certain diagnostic procedures, including, but not limited to, CT scans, PET scans, MRIs, genetic and other lab testing, and sleep studies (including associated DURABLE MEDICAL EQUIPMENT), may require PRIOR REVIEW and CERTIFICATION or services will not be covered. BCBSNC may delegate UTILIZATION MANAGEMENT of sleep studies to another company not associated with BCBSNC. See “Delegated UTILIZATION MANAGEMENT” for more information.

Your DOCTOR may refer you to a freestanding laboratory, radiology center, or sample collection device for these procedures. Separate benefits for interpretation of diagnostic services by the attending DOCTOR are not provided in addition to benefits for that DOCTOR’S medical or surgical services, except as otherwise determined by BCBSNC.

Benefits may differ depending on where the service is performed and if the service is received with any other service or associated with a surgical procedure. See “Summary of Benefits.”

**Diagnostic Services Exclusions**
- Lab tests that are not ordered by your DOCTOR or OTHER PROVIDER
- Diagnostic tests used to confirm a known diagnosis or condition
- Tests used only for administrative purposes to measure process or quality improvement
- Tests that are duplicative or that are inclusive to other COVERED SERVICES
- Testing when a therapeutic or diagnostic course would not be determined by the outcome of the testing.

**DURABLE MEDICAL EQUIPMENT**
Benefits are provided for DURABLE MEDICAL EQUIPMENT and supplies required for operation of equipment when prescribed by a licensed PROVIDER. Equipment may be purchased or rented at the discretion of BCBSNC. BCBSNC provides benefits for repair or replacement of the covered equipment. Benefits will end when it is determined that the equipment is no longer MEDICALLY NECESSARY. Certain DURABLE MEDICAL EQUIPMENT requires PRIOR REVIEW and CERTIFICATION or services will not be covered.

**DURABLE MEDICAL EQUIPMENT Exclusions**
- Appliances and accessories that serve no medical purpose or that are primarily for comfort or convenience
- Repair or replacement of equipment due to abuse or desire for new equipment.
**EMERGENCY Care**

This health benefit plan provides benefits for EMERGENCY SERVICES. An EMERGENCY is the sudden and unexpected onset of a condition of such severity that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in any of the following:

- Placing the health of an individual or with respect to a pregnant woman, the health of the pregnant woman or her unborn child in serious jeopardy
- Serious physical impairment to bodily functions
- Serious dysfunction of any bodily organ or part
- Death.

Heart attacks, strokes, uncontrolled bleeding, poisonings, major burns, prolonged loss of consciousness, spinal injuries, shock and other severe, acute conditions are examples of EMERGENCIES.

**What to Do in an EMERGENCY**

In an EMERGENCY, you should seek care immediately from an emergency room or other similar facility. If necessary and available, call 911 or use other community EMERGENCY resources to obtain assistance in handling life-threatening EMERGENCIES. PRIOR REVIEW is not required for EMERGENCY SERVICES. If you are unsure if your condition is an EMERGENCY, you can call Health Line Blue<sup>SM</sup>, and a Health Line Blue<sup>SM</sup> nurse will provide information and support that may save you an unnecessary trip to the emergency room.

URGENT CARE
This health benefit plan also provides benefits for URGENT CARE services. When you need URGENT CARE, call your PCP, a SPECIALIST or go to an URGENT CARE PROVIDER. If you are not sure if your condition requires URGENT CARE, you can call Health Line Blue℠.

FACILITY SERVICES
Benefits are provided for:
- Outpatient services received in a HOSPITAL, a HOSPITAL-based facility, NONHOSPITAL FACILITY or a HOSPITAL-based or OUTPATIENT CLINIC
- Inpatient services received in a HOSPITAL or NONHOSPITAL FACILITY. You are considered an inpatient if you are admitted to the HOSPITAL or NONHOSPITAL FACILITY as a registered bed patient for whom a room and board charge is made. Your IN-NETWORK PROVIDER is required to use the PPO network HOSPITAL where he/she practices, unless the HOSPITAL cannot provide the services you need. If you are admitted before the EFFECTIVE DATE, benefits will not be available for services received prior to the EFFECTIVE DATE. Take-home drugs are covered as part of your PRESCRIPTION DRUG benefit. PRIOR REVIEW must be requested and CERTIFICATION must be obtained in advance from BCBSNC for inpatient admissions, except for maternity deliveries and EMERGENCIES. See “Maternity Care” and “EMERGENCY Care.” IN-NETWORK PROVIDERS in North Carolina are responsible for requesting PRIOR REVIEW and obtaining CERTIFICATION. IF PRIOR REVIEW is not requested and CERTIFICATION not obtained for covered OUT-OF-NETWORK inpatient admissions, services will be denied.
- Surgical services received in an AMBULATORY SURGICAL CENTER
- COVERED SERVICES received in a SKILLED NURSING FACILITY. SKILLED NURSING FACILITY services are limited to a combined IN- and OUT-OF-NETWORK day maximum per BENEFIT PERIOD. See “Summary of Benefits.” PRIOR REVIEW must be requested and CERTIFICATION must be obtained in advance from BCBSNC in order for services to be covered. However, CERTIFICATION is not required for MEMBERS who have Medicare as their primary coverage and who are admitted to a Medicare-certified SKILLED NURSING FACILITY.

Family Planning
Maternity Care
Maternity care benefits, including prenatal care, labor and delivery and post-delivery care, are available to all female MEMBERS. Coverage for breastfeeding counseling and certain breast pumps for pregnant or postpartum MEMBERS are covered under your PREVENTIVE CARE benefit. See www.bcbsnc.com/preventive or call BCBSNC Customer Service for additional information and any limitations that may apply. If this health benefit plan has an OFFICE VISIT copayment and you change PROVIDERS during pregnancy, terminate coverage during pregnancy, or the pregnancy does not result in delivery, one or more copayments may be charged for prenatal services depending upon how the services are billed by the PROVIDER.

| Post-delivery services | All care for the mother after the baby’s birth that is related to the pregnancy. PRIOR REVIEW and CERTIFICATION are required for inpatient stays extending beyond 48/96 hours or services will be denied. | After the first 48/96 hours, whether inpatient (sick baby) or outpatient (well baby), the newborn must be enrolled for coverage as a DEPENDENT CHILD, according to the rules in “When Coverage Begins and Ends.” For inpatient services following the first 48/96 hours, PRIOR REVIEW and CERTIFICATION are required or services will be denied. | If the newborn must remain in the HOSPITAL beyond the mother’s prescribed length of stay for any reason, the newborn is considered a sick baby and these charges are subject to the BENEFIT PERIOD deductible if the newborn is added and covered under the policy. |

- hours after a vaginal delivery or 96 hours after a Cesarean section. Mothers choosing a shorter stay are eligible for a home health visit for post-delivery follow-up care if received within 72 hours of discharge.
- hours after a vaginal delivery or 96 hours after a Cesarean section. Benefits include newborn hearing screening ordered by a DOCTOR to determine the presence of permanent hearing loss. (Please see PREVENTIVE CARE in “Summary of Benefits.”)
- deductible and admission copayment, if applicable, is required for both mother and baby.

For information on CERTIFICATION, contact BCBSNC Customer Service at the number listed in “Who to Contact?”

**Statement of Rights Under the Newborns’ and Mothers’ Health Protection Act**

Under federal law, health insurance issuers may not restrict benefits for any HOSPITAL length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by Cesarean section. However, the plan or issuer may pay for a shorter stay if the attending PROVIDER (e.g., your DOCTOR, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, group health plans and health insurance issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.
COVERED SERVICES (cont.)

In addition, a plan or issuer may not, under federal law, require that a DOCTOR or other health care PROVIDER obtain CERTIFICATION for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain PROVIDERS or facilities, or to reduce your out-of-pocket costs, you may be required to obtain CERTIFICATION.

COMPLICATIONS OF PREGNANCY

The following information will help you get the most value from your PRESCRIPTION DRUG COVERAGE:

<td>Where you get your PRESCRIPTION filled</td>
<td>Your cost will be less if you use an IN-NETWORK pharmacy in North Carolina or outside the state and show your ID CARD. If you fail to show your ID CARD or the IN-NETWORK pharmacy’s records do not show you as eligible for coverage, you will have to pay the full cost of the PRESCRIPTION and file a claim. In order to recover the full cost of the PRESCRIPTION minus any applicable copayment or coinsurance you owe, return to the IN-NETWORK pharmacy.</td>

</tbody>
</table>
pharmacy within 14 days of receiving your PRESCRIPTION so that it can be reprocessed with your correct eligibility information and the pharmacy will make a refund to you. If you are unable to return to the pharmacy within 14 days, mail claims in time to be received within 18 months of the date of the service in order to receive IN-NETWORK benefits. Claims not received within 18 months from the service date will not be covered, except in the absence of legal capacity of the MEMBER.

You may also get your PRESCRIPTION filled by an OUT-OF-NETWORK pharmacy; however, you may be asked to pay the full cost of the PRESCRIPTION DRUG and submit your own claim. Any charges over the ALLOWED AMOUNT are your responsibility.

If you had an EMERGENCY or URGENT CARE condition and went to an OUT-OF-NETWORK pharmacy, we recommend that you call BCBSNC Customer Service at the number listed in “Who to Contact?” so that the claim can be processed at the IN-NETWORK level.

| How the type of PRESCRIPTION DRUG may determine the amount you pay | Your PRESCRIPTION DRUG benefit has a CLOSED FORMULARY or list of PRESCRIPTION DRUGS, divided into categories or tiers. BCBSNC determines the tier placement of PRESCRIPTION DRUGS in the FORMULARY, and this determines the amount you pay. On a closed FORMULARY, PROVIDERS can prescribe from a list of generic and brand medications from each therapeutic category. Medications not on the list must go through a non-FORMULARY exception process for MEDICAL NECESSITY to be reimbursed under the prescription benefit.

Tier placement of PRESCRIPTION DRUGS in the FORMULARY may be determined by the effectiveness and safety of the drug, the cost of the drug, and/or the classification of the drug by the U.S. Food and Drug Administration (FDA) or nationally recognized drug-databases (e.g., Medispan).

The PRESCRIPTION DRUGS listed in the FORMULARY or their tier placement may change from time to time due to a change in the cost of the drug and/or in the classification of the drug by the U.S. Food and Drug Administration (FDA) or nationally recognized drug databases (e.g., Medispan). |
| How your PRESCRIPTION is dispensed | In some cases, a PROVIDER may prescribe a total dosage of a drug that requires two or more different drugs in a compound to be dispensed. In these cases if you have copayments for PRESCRIPTION DRUGS, you will be responsible for one copayment, that of the highest tier drug in the compound, based on each 30-day supply. Please note that some PRESCRIPTION DRUGS are only dispensed in 60- or 90-day quantities. For these drugs, you will pay either two or three copayments depending on the quantity you receive. Please see “Summary of Benefits.” |
Certain combinations of compound drugs may require PRIOR REVIEW and CERTIFICATION.

If you need to receive an extended supply (greater than a 30-day supply and up to a 90-day supply), visit our website at **www.bcbsnc.com** for a listing of retail pharmacies or mail-order service that can dispense an extended supply of your PRESCRIPTION.

You cannot refill a PRESCRIPTION until:
- three-fourths of the time period has passed that the PRESCRIPTION was intended to cover, or
- the full time period has passed that the PRESCRIPTION was intended to cover if quantity limits apply,

except during a government-declared state of emergency or disaster in the county in which you reside. During these circumstances, you must request a refill within 29 days after the date of the emergency or disaster (not the date of the declaration). A refill of a PRESCRIPTION with quantity limitations may take into account the proportionate dosage use prior to the disaster.

| If you have multiple PRESCRIPTIONS and need to align your refill dates | If you have multiple PRESCRIPTIONS and need to align your refill dates you may need a PRESCRIPTION for less than a 30-day supply. If your DOCTOR or pharmacy agrees to give you a PRESCRIPTION for less than a 30-day supply for this purpose you will only pay a prorated daily cost-sharing amount (any dispensing fee will not be prorated). This benefit is only available for drugs covered under your PRESCRIPTION DRUG benefit, received at an IN-NETWORK pharmacy, and when PRIOR REVIEW requirements have been met. In addition, the drugs must:
- be used for treatment and management of chronic conditions and are subject to refills;
- NOT be a Schedule II or Schedule III controlled substance containing hydrocodone;
- be able to be split over short-fill periods; and
- do not have quantity limits or dose optimization criteria that would be affected by aligning refill dates. |
| --- | --- |

**Use of Lower-Cost PRESCRIPTION DRUGS**

When choosing a PRESCRIPTION DRUG, you and your DOCTOR should discuss whether a lower-cost PRESCRIPTION DRUG could provide the same results as a more expensive PRESCRIPTION DRUG. If you choose a BRAND-NAME PRESCRIPTION DRUG, your cost may be higher.

**Please note:** You may pay a different amount in certain situations when choosing between GENERIC and BRAND-NAME PRESCRIPTION DRUGS. For PRESCRIPTION DRUGS received from an OUT-OF-NETWORK pharmacy, you will also pay any charges over the ALLOWED AMOUNT.
From time to time, MEMBERS may receive a reduced or waived copayment and/or coinsurance on designated drugs in connection with a program designed to reduce PRESCRIPTION DRUG costs.

</tr>
<tr>
<td>Exception Requests</td>
<td>MEMBERS, their authorized representative or their PROVIDER may request a standard exception request, an expedited exception request, or an external exception request in order to gain access to non-FORMULARY drugs.</td>
</tr>

</table>

As part of an exception request, the MEMBER’S PROVIDER must provide supporting information of the request by including an oral or written statement that provides a justification supporting the need for the non-FORMULARY drug to treat the MEMBER’S condition, including a statement that all covered FORMULARY drugs on any tier (1) will be or have been ineffective; (2) would not be as effective as the non-FORMULARY drug; or (3) would have adverse effects.

MEMBERS (or their authorized representatives) may visit BlueConnectNC.com for information about the ways to submit a request. Generally, MEMBERS may submit requests:
- By fax (visit the website above for fax form and numbers)
- By mail to BlueCross BlueShield of North Carolina, Healthcare Management and Operations, Pharmacy Exception, PO Box 2291, Durham, NC 27702
- By telephone at 1-800-672-7897

*An expedited request is permissible where a MEMBER is suffering from a health condition that may seriously jeopardize the MEMBER’s life, health, or ability to regain maximum function or when the MEMBER is getting a current course of treatment using a non-FORMULARY drug.

**An external request will be reviewed by an independent review organization contracted by BCBSNC.

** Quantity Limitations**

BCBSNC covers certain PRESCRIPTION DRUGS up to a set quantity based on criteria developed by BCBSNC to encourage the appropriate use of the drug. For these PRESCRIPTION DRUGS, PRIOR REVIEW and CERTIFICATION are required before excess quantities of these drugs will be covered. When excess quantities are approved, you may be required to pay an additional copayment, if applicable.

** Benefit Limitations**

Certain PRESCRIPTION DRUGS are subject to benefit limitations, which may include: the amount dispensed per PRESCRIPTION, per day or per defined time period; per lifetime; per month’s supply; or the amount dispensed per single copayment, if applicable. Note: excess quantities are not covered.

Anesthesia
Your anesthesia benefit includes coverage for general, spinal block, or monitored regional anesthesia ordered by the attending DOCTOR and administered by or under the supervision of a DOCTOR other than the attending surgeon or assistant at SURGERY. Benefits are not available for charges billed separately by the PROVIDER which are not eligible for additional reimbursement. Also, your coverage does not provide additional benefits for local anesthetics, which are covered as part of your surgical benefit.

Mastectomy Benefits
Under the Women’s Health and Cancer Rights Act of 1998, this health benefit plan provides for the following services related to mastectomy SURGERY:
- Reconstruction of the breast on which the mastectomy has been performed
- SURGERY and reconstruction of the nondiseased breast to produce a symmetrical appearance, without regard to the lapse of time between the mastectomy and the reconstructive SURGERY
- Prostheses and physical complications of all stages of the mastectomy, including lymphedemas.

See “PROVIDER’S Office,” or for external prostheses, see “PROSTHETIC APPLIANCES” in “Other Services” in the “Summary of Benefits.”

Please note that the decision to discharge the patient following mastectomy SURGERY is made by the attending physician in consultation with the patient.

The benefits described above are subject to the same applicable deductibles, copayment or coinsurance and limitations as applied to other medical and surgical benefits provided under this health benefit plan.

This health benefit plan provides benefits for services provided by a duly licensed DOCTOR, DOCTOR of dental SURGERY, or DOCTOR of dental medicine for diagnostic, therapeutic or surgical procedures, including oral SURGERY involving bones or joints of the jaw, face or head when the procedure is related to TMJ disease. Therapeutic benefits for TMJ disease include splinting and use of intra-oral PROSTHETIC APPLIANCES to reposition the bones. Please have your PROVIDER contact BCBSNC before receiving treatment for TMJ. PRIOR REVIEW and CERTIFICATION are required for certain surgical procedures or these services will not be covered, unless treatment is for an EMERGENCY.

For a list of covered transplants, call BCBSNC Customer Service at the number listed in “Who to Contact?” to speak with a transplant coordinator and request PRIOR REVIEW. This health benefit plan does not have any WAITING PERIODS for pre-existing conditions (a condition, disease, illness or injury for which medical advice, diagnosis, care or treatment was received or recommended within the 12-month period prior to your EFFECTIVE DATE), unless otherwise specified in “COVERED SERVICES.”
Reporting Changes
Have you moved, added or changed other health coverage, changed your name or phone number? If you did not purchase a MARKETPLACE plan, visit our website at www.bcbsnc.com to update your information or call BCBSNC Customer Service at the number listed in “Who to Contact?” It will help us give you better service if BCBSNC is kept informed of these changes. If you purchased a MARKETPLACE plan, you are required to report any changes that may impact your continued enrollment in this health benefit plan to the MARKETPLACE. The MARKETPLACE is responsible for determining your eligibility and for processing your enrollment in the MARKETPLACE. Visit www.healthcare.gov for more information. In addition to notifying the MARKETPLACE, you will receive better service if BCBSNC is also kept informed of these changes. Please visit our website at www.bcbsnc.com to update your information or call BCBSNC Customer Service at the number listed in “Who to Contact?”

Renewing or Changing Your Coverage
If you continue to pay your premiums and meet the eligibility requirements, your coverage will continue, except as stated in the section “Termination of MEMBER Coverage.” BCBSNC may modify your coverage as permitted by state or federal law.

You may only make changes to this health benefit plan during the annual enrollment period or during a special enrollment period.

Multiple Coverage
If you are enrolled in another insurance plan that offers medical coverage for any of the benefits under this health benefit plan, BCBSNC may reduce benefits under this health benefit plan to avoid paying benefits between the two plans that are greater than the cost of the health care service. If you are enrolled in a dental insurance plan that includes pediatric dental coverage, then this health benefit plan will be considered your primary plan and your dental insurance plan will be considered your secondary plan. If you or your DEPENDENTS become eligible for Medicare, you should apply for and enroll in Medicare Part A and Part B, and use PROVIDERS who accept Medicare in order to ensure that you receive full benefit coverage. BCBSNC will assume you have enrolled in Medicare and use PROVIDERS who accept Medicare once eligible for benefits thereunder. If you or your DEPENDENTS are covered under this health benefit plan and are eligible for Medicare, BCBSNC may take into account the benefits that you or your DEPENDENT are eligible for under Medicare, regardless of whether you have actually enrolled for such coverage. In other words, even if you have not enrolled in Medicare, BCBSNC may reduce your claim by the benefits that you are eligible for under Medicare, and then pay the remaining claim amount under the terms of this health benefit plan and in accordance with the Medicare Secondary Payer rules. As a result, your out-of-pocket costs may be higher if you do not enroll in Medicare.

Termination of MEMBER Coverage
A MEMBER’S termination shall be effective at 11:59 p.m. on the date that eligibility ends. If you did not purchase a MARKETPLACE plan and wish to end your coverage, the SUBSCRIBER may call or write to BCBSNC Customer Service and request termination. Your coverage will be terminated as of one of the following: (1) your current paid through date, (2) the date the termination request was received by BCBSNC, or (3) any future date between the date of the termination request and the current paid through date.

Coverage may be terminated by BCBSNC for any of the following reasons:

- Failure to pay premiums on time. See “Premium Payments.”
- A MEMBER no longer lives or resides in North Carolina or the Blue Advantage SERVICE AREA. To be considered a resident of North Carolina and the Blue Advantage SERVICE AREA, the MEMBER must reside in North Carolina at least six months or more out of the year and the MEMBER must have a North Carolina
and Blue Advantage SERVICE AREA permanent address.

- BCBSNC stops selling health coverage to individuals, provided 180 days’ prior written notice is given
- BCBSNC stops selling this health coverage to individuals, provided that 90 days’ written notice is given prior to termination. You will be given the option to enroll in another individual health plan that BCBSNC offers.

Coverage for DEPENDENTS will terminate under this health benefit plan when they are no longer eligible:

- If you and your spouse divorce, your spouse is no longer eligible under your policy. This will not affect children’s coverage. Spouses are eligible for their own policy; however, a spouse’s request for coverage along with completion of necessary paperwork must be received within 30 days of the date of the divorce to be considered for continuous coverage.
- If your domestic partnership dissolves, your domestic partner is no longer eligible under your policy. This will not affect children’s coverage. Domestic partners are eligible for their own policy; however, a domestic partner’s request for coverage along with completion of necessary paperwork must be received within 30 days of the dissolution of the domestic partnership to be considered for continuous coverage.
- If the SUBSCRIBER dies, DEPENDENTS are no longer eligible to continue their health coverage under this health benefit plan. However, once notification of the SUBSCRIBER’S death is received, DEPENDENTS will be enrolled on a separate health insurance policy.
- If a DEPENDENT child, who is not intellectually disabled or physically handicapped and incapable of self-support, per North Carolina law, reaches age 26.

Termination for Cause

A MEMBER’S coverage (if they did not purchase a MARKETPLACE plan) may be terminated upon 31 days’ prior written notice for the following reasons:

- The MEMBER fails to pay or to have paid on his or her behalf or to make arrangements to pay any applicable copayments, deductible or coinsurance for services covered under the health benefit plan
- No IN-NETWORK PROVIDER is able to establish or maintain a satisfactory DOCTOR-patient relationship with a MEMBER, as determined by BCBSNC
- A MEMBER exhibits disruptive, abusive or fraudulent behavior toward an IN-NETWORK PROVIDER.

As an alternative to termination as stated above, BCBSNC, in its sole discretion, may limit or revoke a MEMBER’S access to certain IN-NETWORK PROVIDERS.

A MEMBER’S coverage (if they did not purchase a MARKETPLACE plan) may be terminated immediately by BCBSNC for the following reasons:

- Fraud or intentional misrepresentation of a material fact by the SUBSCRIBER or MEMBER
- A MEMBER has been convicted of (or a restraining order has been issued for) communicating threats of harm to BCBSNC personnel or property
- A MEMBER permits the use of his or her or any other MEMBER’S ID CARD by any other person not enrolled under this health benefit plan, or uses another person’s ID CARD.

If you purchased a marketplace plan, a MEMBER may request termination from this health benefit plan at any time as long as the appropriate notice is given. You may contact the MARKETPLACE and request termination. Visit www.healthcare.gov for more information about termination events and notice requirements.

The MARKETPLACE may initiate termination of a MEMBER’S coverage in this health benefit plan and must allow BCBSNC to terminate such coverage for the reasons stated below. A MEMBER’S termination shall be effective the date of the event unless otherwise noted.
WHEN COVERAGE BEGINS AND ENDS (cont.)

- The MEMBER is no longer eligible for coverage in this health benefit plan through the MARKETPLACE (termination is effective the last day of the month following the month you provide notice to the MARKETPLACE; however, you can request an earlier date. Example: You provide notice on March 15th, your termination date is April 30th);
- The MEMBER changes from one health benefit plan to another during the annual or special enrollment period (termination is effective the day before the start of the new coverage);
- This health benefit plan ends or is no longer allowed to be offered as a health insurance plan in the MARKETPLACE. If this health benefit plan is no longer allowed to be offered in the MARKETPLACE, BCBSNC may not terminate coverage until the MARKETPLACE has notified you and any enrolled DEPENDENTS, and you have had a chance to enroll in another health insurance plan;
- The MEMBER’s coverage is rescinded due to fraud or intentional misrepresentation of a material fact. However, if such termination is made retroactively, including back to the EFFECTIVE DATE of your policy (called a rescission), you will be given 30 days advance written notice of this rescission and may submit an appeal; see “Need to Appeal our Decision?” If your policy is rescinded, any premiums paid will be returned unless BCBSNC deducts the amount for any claims paid.
- The SUBSCRIBER fails to pay premiums on time. See “Premium Payments.”

Certificate of CREDITABLE COVERAGE
BCBSNC will supply a Certificate of CREDITABLE COVERAGE when your or your DEPENDENT’s coverage under the health benefit plan ends. Keep the Certificate of CREDITABLE COVERAGE in a safe place. You may request a Certificate of CREDITABLE COVERAGE from BCBSNC Customer Service while you are still covered under this health benefit plan and up to 24 months following your termination. You may call BCBSNC Customer Service at 1-888-206-4697 (toll-free) or visit our website at www.bcbsnc.com.
To make sure you can have high quality, cost-effective health care, BCBSNC has a UTILIZATION MANAGEMENT (UM) program. The UM program requires certain health care services to be reviewed and approved by BCBSNC in order to receive benefits. As part of this process, BCBSNC looks at whether health care services are MEDICALLY NECESSARY, given in the proper setting and for a reasonable length of time. BCBSNC will honor a CERTIFICATION to cover medical services or supplies under this health benefit plan unless the CERTIFICATION was based on:

- A material misrepresentation about your health condition
- You were not eligible for these services under this health benefit plan due to cancellation of coverage (including your voluntary termination of coverage)
- Nonpayment of premiums.

**Rights and Responsibilities Under the UM Program**

**Your MEMBER Rights**

Under the UM program, you have the right to:

- A UM decision that is timely, meeting applicable state and federal time frames
- The reasons for BCBSNC’s ADVERSE BENEFIT DETERMINATION of a requested treatment or health care service, along with an explanation of the UM criteria and treatment protocol used to reach the decision
- Have a medical director (doctor licensed in North Carolina) from BCBSNC make a final decision of all NONCERTIFICATIONS
- Request a review of an ADVERSE BENEFIT DETERMINATION through our appeals process (see “Need to Appeal Our Decision?”)
- Have an authorized representative seek payment of a claim or make an appeal on your behalf.

An authorized representative may act on the MEMBER’s behalf with the MEMBER’s written consent. In the event you name an authorized representative, “you” under the “UTILIZATION MANAGEMENT” section means “you or your authorized representative.” Your representative will also receive all notices and benefit determinations.

**BCBSNC’s Responsibilities**

As part of all UM decisions, BCBSNC will:

- Give you and your PROVIDER a toll-free phone number to call UM review staff when CERTIFICATION of a health care service is needed.
- Limit what we ask from you or your PROVIDER to information that is needed to review the service in question.
- Ask for all information needed to make the UM decision, including related clinical information
- Provide you and your PROVIDER timely notification of the UM decision consistent with applicable state and federal law and this health benefit plan.

In the event that BCBSNC does not receive all the needed information to approve coverage for a health care
service within set time frames, BCBSNC will let you know of an ADVERSE BENEFIT DETERMINATION in writing. The notice will explain how you may appeal the ADVERSE BENEFIT DETERMINATION.

**PRIOR REVIEW (Pre-Service)**

Certain services require PRIOR REVIEW as noted in “COVERED SERVICES.” These types of reviews are called pre-service reviews. If neither you nor your PROVIDER requests PRIOR REVIEW and receives CERTIFICATION, this may result in an ADVERSE BENEFIT DETERMINATION. The list of services that need PRIOR REVIEW may change from time to time.

If you fail to follow the procedures for filing a request, BCBSNC will let you know of the failure and the proper steps to be followed in filing your request within five days of receiving the request.

BCBSNC will make a decision on your request for CERTIFICATION within a reasonable amount of time taking into account the medical circumstances. The decision will be made and communicated to you and your PROVIDER within three business days after BCBSNC receives all necessary information. However, it will be no later than 15 calendar days from the date BCBSNC received the request. BCBSNC may extend this period one time for up to 15 days if additional information is required. BCBSNC will let you and your PROVIDER know before the end of the initial 15-day period of the information needed and the date by which BCBSNC expects to make a decision. You will have 45 days to provide the requested information. As soon as BCBSNC receives all the requested information, or at the end of the 45 days, whichever is earlier, BCBSNC will make a decision within three business days. BCBSNC will let you and the PROVIDER know of an ADVERSE BENEFIT DETERMINATION electronically or in writing.

**Urgent PRIOR REVIEW**

You have a right to an urgent review when the regular time frames for a decision: (i) could seriously jeopardize your life, health, or safety or the life, health or safety of others, due to your psychological state, or (ii) in the opinion of a practitioner with knowledge of your medical or behavioral condition, would subject you to adverse health consequences without the care or treatment that is the subject of the request. BCBSNC will let you and your PROVIDER know of its decision as soon as possible, taking into account the medical circumstances. BCBSNC will notify you and your PROVIDER of its decision within 72 hours after receiving the request. Your PROVIDER will be notified of the decision, and if the decision results in an ADVERSE BENEFIT DETERMINATION, written notification will be given to you and your PROVIDER.

If BCBSNC needs more information to process your urgent review, BCBSNC will let you and your PROVIDER know of the information needed as soon as possible but no later than 24 hours after we receive your request. You will then be given a reasonable amount of time, but not less than 48 hours, to provide the requested information. BCBSNC will make a decision on your request within a reasonable time but no later than 48 hours after receipt of requested information or within 48 hours after the time period given to the PROVIDER to submit necessary clinical information, whichever comes first.
UTILIZATION MANAGEMENT (cont.)

An urgent review may be requested by calling BCBSNC Customer Service at the number given in “Who to Contact?”

Concurrent Reviews
BCBSNC will also review health care services at the time you receive them. These types of reviews are concurrent reviews.

If a request for an extension of treatment is non-urgent, a decision will be made and communicated to the requesting PROVIDER within 3 business days after receipt of all necessary clinical information, but no later than 15 calendar days after we receive the request. In the event of an ADVERSE BENEFIT DETERMINATION, BCBSNC will let you, your HOSPITAL’s or other facility’s UM department and/or your PROVIDER know within three business days after receipt of all necessary clinical information, but no later than 15 calendar days after BCBSNC receives the request. Written confirmation of the decision will also be sent to your home by U.S. mail. For concurrent reviews, BCBSNC will remain responsible for COVERED SERVICES you are receiving until you or your representatives have been notified of the ADVERSE BENEFIT DETERMINATION.

Urgent Concurrent Review
If a request for an extension of treatment is urgent, and the request is received at least 24 hours before the expiration of a previously approved inpatient stay or course of treatment at the requesting HOSPITAL or other facility, a decision will be made and given to the requesting HOSPITAL or other facility as soon as possible. However, the decision will be no later than 24 hours after we receive the request.

If a request for extension of treatment is urgent, and the request is not received at least 24 hours before the expiration of a previously approved inpatient stay or course of treatment at the requesting HOSPITAL or other facility, a decision will be made and communicated as soon as possible, but no later than 72 hours after we receive the request. If BCBSNC needs more information to process your urgent concurrent review, BCBSNC will let the requesting HOSPITAL or other facility know of the information needed as soon as possible but no later than 24 hours after we receive the request. The requesting HOSPITAL or other facility will then be given a reasonable amount of time, but not less than 24 hours, to provide the requested information. BCBSNC will make a decision within 72 hours after receipt of the request.

Retrospective Reviews (Post-Service)
BCBSNC also reviews the coverage of health care services after you receive them (retrospective/post-service reviews). Retrospective review may include a review to see if services received in an EMERGENCY setting qualify as an EMERGENCY. BCBSNC will make all retrospective review decisions and let you and your PROVIDER know of its decision within a reasonable time but no later than 30 calendar days from the date BCBSNC received the request. In the event of an ADVERSE BENEFIT DETERMINATION, BCBSNC will let you and your PROVIDER know in writing within a reasonable time, but no later than 30 calendar days from the date BCBSNC received the request. All decisions will be based on MEDICAL NECESSITY and whether the service received was a benefit under this health benefit plan. If more information is needed, before the end of the initial 30-day period, BCBSNC will let you know of the information needed. You will then have 90 days to provide the requested information. As soon as BCBSNC gets the requested information, or at the end of the 90 days, whichever is earlier, BCBSNC will make a decision within 15 calendar days. Services that were approved in advance by BCBSNC will not be subject to denial for MEDICAL NECESSITY once the claim is received, unless the CERTIFICATION was based on a material misrepresentation about your health condition or you were not eligible for these services under this health benefit plan due to termination of coverage or nonpayment of premiums. All other services may be subject to
retrospective review and could be denied for MEDICAL NECESSITY or for a benefit limitation or exclusion.

**Care Management**
MEMBERS with complicated and/or chronic medical needs may be eligible for care management services. Care management (case management as well as disease management) encourages MEMBERS with complicated or chronic medical needs, their PROVIDERS, and BCBSNC to work together to meet the individual’s health needs and promote quality outcomes. To accomplish this, MEMBERS enrolled in or eligible for care management programs may be contacted by BCBSNC or by a representative of BCBSNC. BCBSNC is not obligated to give the same benefits or services to a MEMBER at a later date or to any other MEMBER. Information about these services can be found by contacting an IN-NETWORK PCP or IN-NETWORK SPECIALIST or by calling BCBSNC Customer Service.

**Continuity of Care**
Continuity of care is a process that allows you to continue receiving care from an OUT-OF-NETWORK PROVIDER for an ongoing special condition at the IN-NETWORK benefit level when you change health benefit plans or when your PROVIDER is no longer in the Blue Advantage network. If your PCP or SPECIALIST leaves our PROVIDER network and they are currently treating you for an ongoing special condition that meets our continuity of care criteria, BCBSNC will notify you in writing 30 days before the PROVIDER’s termination, as long as BCBSNC receives timely notification from the PROVIDER. To be eligible for continuity of care, you must be actively being seen by an OUT-OF-NETWORK PROVIDER for an ongoing special condition and the PROVIDER must agree to abide by BCBSNC’s requirements for continuity of care. An ongoing special condition means:

- an acute illness, a condition that is serious enough to require medical care or treatment to avoid a reasonable possibility of death or permanent harm;
- a chronic illness or condition, a disease or condition that is life-threatening, degenerative, or disabling, and requires medical care or treatment over a prolonged period of time;
- pregnancy, during the second and third trimesters;
- a terminal illness, an individual has a medical prognosis that the MEMBER’s life expectancy is six months or less.

The allowed transitional period shall extend up to 90 days, as decided by the PROVIDER, except in the cases of:

- scheduled SURGERY, organ transplantation, or inpatient care which shall extend through the date of discharge and post-discharge follow-up care or other inpatient care occurring within 90 days of the date of discharge; and
- terminal illness which shall extend through the remainder of the individual’s life for care directly related to the treatment of the terminal illness; and
- second trimester pregnancy which shall extend through the provision of 60 days of postpartum care.

Continuity of care requests must be submitted to BCBSNC within 45 days of the PROVIDER termination date or within 45 days of the EFFECTIVE DATE for MEMBERS new to the BCBSNC plan. Continuity of care requests will be reviewed by a medical professional based on the information given about specific medical conditions. If your continuity of care request is denied, you may request a review through our appeals process (see “Need to Appeal Our Decision?”). Claims for approved continuity of care services will be subject to your IN-NETWORK benefit. In these situations, benefits are based on the billed amount. However, you may be responsible for charges billed separately by the PROVIDER which are not eligible for additional reimbursement. Continuity of care will not be given when the PROVIDER’s contract was terminated for reasons relating to quality of care or fraud. Such a decision may not be reviewed on appeal.
Please call BCBSNC Customer Service at the number listed in “Who to Contact?” for more information.

**Delegated UTILIZATION MANAGEMENT**

BCBSNC delegates certain UM services for particular benefits to other companies not associated with BCBSNC. Please see [http://www.bcbs.com/why-bcbs/blue-distinction/bdcenters.html](http://www.bcbs.com/why-bcbs/blue-distinction/bdcenters.html) for a detailed list of these companies and benefits. While some benefits have been identified under “COVERED SERVICES,” the list of benefits and/or companies may change from time to time; for the most up-to-date information visit [www.bcbsnc.com](http://www.bcbsnc.com) and search for “PRIOR REVIEW” for additional information, including those services subject to PRIOR REVIEW and CERTIFICATION.
NEED TO APPEAL OUR DECISION?

Table of Contents:
- First and Second Level Appeals
- Expedited Appeals
- External Review

Key Words:
ADVERSE BENEFIT DETERMINATION
GRIEVANCE
MEDICALLY NECESSARY

In addition to the Utilization Management (UM) program, BCBSNC offers a voluntary appeals process for our MEMBERS. An appeal is another review of your case. If you want to appeal an ADVERSE BENEFIT DETERMINATION or have a GRIEVANCE, you can request that BCBSNC review the decision or GRIEVANCE. The process may be requested by the MEMBER or an authorized representative acting on the MEMBER’s behalf with the MEMBER’s written consent. In the event you name an authorized representative, “you” under this section means “you or your authorized representative.” Your representative will also receive all notices and benefit determinations from the appeal. You may also ask for, at no charge, reasonable access to, and copies of, all documents, records and other information relevant to your claim for benefits. Mental Health and Substance Abuse as well as Dental appeals have been delegated to third party vendors. Please see the end of this section for contact information. References to BCBSNC throughout this section refer to BCBSNC or the designee.

Steps to Follow in the Appeals Process
For each step in this process, there are set time frames for filing an appeal and for letting you or your PROVIDER know of the decision. The type of ADVERSE BENEFIT DETERMINATION or GRIEVANCE will determine the steps that you will need to follow in the appeals process. For appeals (including GRIEVANCES) about an ADVERSE BENEFIT DETERMINATION, the review must be requested in writing, within 180 days of an ADVERSE BENEFIT DETERMINATION or by the date listed on your Explanation of Benefits.

Any request for review should include:
• SUBSCRIBER’S ID number
• SUBSCRIBER’S name
• Patient’s name
• The nature of the appeal
• Any other information that may be helpful for the review.

To request a form to submit a request for review, visit our website at www.bcbsnc.com or call BCBSNC Customer Service at the number listed in “Who to Contact?”

All information related to a request for a review through BCBSNC’s appeals process should be sent to:

Blue Cross and Blue Shield of North Carolina
Member Appeals
PO Box 30055
Durham, NC 27702-3055

You may also receive help from the Employee Benefits Security Administration at 1-866-444-3272.

After a request for review, a staff member who works in a separate department from the staff members who denied your first request will look at your appeal. The appeals staff members have not reviewed your case or information before. The denial of the initial claim will not have an effect on the review. If a claims denial is based on medical judgment, including determinations about a particular treatment, drug or other item is EXPERIMENTAL, INVESTIGATIONAL, or not MEDICALLY NECESSARY or appropriate, BCBSNC shall seek advice from a health care professional with an appropriate level of training and expertise in the field of medicine involved (as determined by BCBSNC). The health care professionals have not reviewed your case or information before.

You will have exhausted BCBSNC’s internal appeals process after pursuing a first level appeal. Unless specifically noted below, upon completion of the first level appeal you may (1) pursue a second level appeal (for certain GRIEVANCES); or (2) pursue an external review (for NONCERTIFICATIONS); or (3) pursue a civil action. You will be deemed to have exhausted BCBSNC’s internal appeals process at any time it is determined that BCBSNC failed to strictly adhere to all claim determinations and appeal requirements under Federal law (other than minor errors that are not likely to cause prejudice or harm to you and were for good cause or a situation beyond BCBSNC’s control). In the event you are deemed to have exhausted BCBSNC’s internal appeals process and, unless specifically noted below, you may pursue items (2) or (3) described above.

Timeline for Appeals
For appeals about an ADVERSE BENEFIT DETERMINATION, the review must be requested in writing, within 180 days of an ADVERSE BENEFIT DETERMINATION or by the date listed on your Explanation of Benefits.

Internal Appeals
First Level Appeal
If you are dissatisfied with an ADVERSE BENEFIT DETERMINATION or if you have a GRIEVANCE, you have the right to appeal (first level appeal). Within three business days after BCBSNC receives your appeal, BCBSNC will provide you with the name, address and phone number of the appeals coordinator and instructions on how to submit written materials.
• During the internal appeals process you may:
NEED TO APPEAL OUR DECISION? (cont.)

- request and receive from us all information that applies to your appeal
- provide and/or present written evidence and testimony
- receive, in advance, any new information that BCBSNC may use in making a decision or any new or additional rationale so that you have an opportunity to respond prior to the notice of the final ADVERSE BENEFIT DETERMINATION
- receive instructions on how to request an independent external review through NCDOI upon completion of this review if not satisfied with the decision (available for NONCERTIFICATIONS only).

BCBSNC asks that you send all of the written material you feel is necessary to make a decision. BCBSNC will use the material provided in the request for review, along with other available information, to reach a decision. If your appeal is due to a NONCERTIFICATION, your appeal will be reviewed by a North Carolina licensed medical DOCTOR who was not involved in the initial NONCERTIFICATION decision. BCBSNC will consult with a North Carolina professional who has appropriate training and experience in the field of medicine involved. For all ADVERSE BENEFIT DETERMINATIONS and GRIEVANCES, BCBSNC will send you and your PROVIDER notification of the decision in clear written terms within a reasonable time but no later than 30 days from the date BCBSNC received the appeal.

**Expedited Appeals (Available only for NONCERTIFICATIONS)**

You have the right to a more rapid or expedited review of a NONCERTIFICATION if a delay: (i) would reasonably appear to seriously jeopardize your or your DEPENDENT’s life, health or ability to regain maximum function; or (ii) in the opinion of your PROVIDER, would subject you or your DEPENDENT to severe pain that cannot be adequately managed without the requested care or treatment.

To start the process of an expedited appeal, you can call BCBSNC Customer Service at the phone number given in “Who to Contact?” An expedited review will take place in consultation with a medical DOCTOR. All of the same conditions for a standard appeal apply to an expedited review. BCBSNC will communicate the decision by phone to you and your PROVIDER as soon as possible, taking into account the medical circumstances. The decision will be communicated no later than 72 hours after receiving the request. A written decision will be communicated within four days after receiving the request for the expedited appeal. Information initially given by telephone must also be given in writing.

After requesting an expedited review, BCBSNC will remain responsible for covered health care services you are receiving until you have been notified of the review decision.

If you do not agree with the first level appeal described above, you have the right to a second level review for certain GRIEVANCES. Second level reviews are not allowed for benefits or services that are clearly excluded by this benefit booklet, quality of care complaints, or NONCERTIFICATIONS. Within ten business days after BCBSNC receives your request for a second level review, the following information will be given to you:

- Name, address and phone number of the second level review coordinator
NEED TO APPEAL OUR DECISION? (cont.)

• Availability of Health Insurance Smart NC including address and phone number
• A statement of your rights, including the right to:
  - request and receive from us all information that applies to your GRIEVANCE
  - take part in the second level review meeting
  - present your case to the review panel
  - submit supporting material before and during the review meeting
  - ask questions of any member of the review panel
  - be assisted or represented by a person of your choosing, including a family member, an employer representative or an attorney.

The second level review meeting will be conducted by a review panel arranged by BCBSNC. The panel will include external physicians and/or benefit experts. This will be held within 45 days after BCBSNC receives a second level review request. BCBSNC will give you notice of the meeting date and time at least 15 days before the meeting. The meeting will be held by teleconference. You have the right to a full review of your GRIEVANCE even if you do not take part in the meeting. A written decision will be issued to you within seven business days of the review meeting. This second level review is the last review available for GRIEVANCES.

External Review (Available only for NONCERTIFICATIONS)
Federal and state law allows for review of ADVERSE BENEFIT DETERMINATIONS by an external, independent review organization (IRO). The North Carolina Department of Insurance (NCDOI) administers this service at no charge to you. NCDOI will arrange for an IRO to review your case once the NCDOI confirms that your request is complete and eligible for review. BCBSNC will let you know of your right to request an external review each time you receive:
• an ADVERSE BENEFIT DETERMINATION, or
• an appeal decision upholding an ADVERSE BENEFIT DETERMINATION.

However, in order for your request to be eligible for an external review, the NCDOI must determine the following:
• your request is about a MEDICAL NECESSITY determination that resulted in an ADVERSE BENEFIT DETERMINATION (e.g., NONCERTIFICATION);
• you had coverage with BCBSNC when the ADVERSE BENEFIT DETERMINATION was issued;
• the service for which the ADVERSE BENEFIT DETERMINATION was issued appears to be a COVERED SERVICE; and
• you have exhausted or have been deemed to have exhausted BCBSNC’s internal appeals process as described below.

For a standard external review, you will be considered to have exhausted the internal appeals process if you have:
• completed BCBSNC’s appeals process and received a written determination on the appeal from BCBSNC, or
• filed an appeal and, except to the extent that you have requested or agreed to a delay, have not received BCBSNC’s written decision on the appeal within 60 days of the date you can show that you submitted the request, or
• received written notification that BCBSNC has agreed to waive the requirement to exhaust the internal appeals process, or
• determined that BCBSNC failed to strictly adhere to all claim determinations and appeal requirements under Federal law (as discussed above).

External reviews are performed on a standard or expedited basis. The basis depends on which is requested and whether medical circumstances meet the criteria for expedited review.
NEED TO APPEAL OUR DECISION? (cont.)

Standard External Review
For all requests for a standard external review, you must file your request with the NCDOI within 120 days of receiving one of the notices listed above. You will not be eligible to request an external review until you have completed the internal appeals process as referenced above and have received a final ADVERSE BENEFIT DETERMINATION from BCBSNC.

Expedited External Review
An expedited external review may be available if the time required to complete either an expedited internal appeals review or a standard external review would be expected to seriously jeopardize your life or health or to jeopardize your ability to regain maximum function. If you meet this requirement, you may file a request to the NCDOI for an expedited external review, after you receive:

• an ADVERSE BENEFIT DETERMINATION from BCBSNC and have filed a request with BCBSNC for an expedited appeal; or
• an appeal decision upholding an ADVERSE BENEFIT DETERMINATION (also known as a final internal ADVERSE BENEFIT DETERMINATION).

Prior to your discharge from an inpatient facility, you may also request an expedited external review after receiving a final internal ADVERSE BENEFIT DETERMINATION of the admission, availability of care, continued stay or EMERGENCY health care services.

If your request is not accepted for expedited review, the NCDOI may:

(1) accept the case for standard external review if you have completed the internal appeals process; or
(2) require the completion of the internal appeals process and another request for an external review. An expedited external review is not available for retrospective (post-service) ADVERSE BENEFIT DETERMINATIONS.

When processing your request for an external review, the NCDOI will require you to provide them with a written, signed authorization for the release of any of your medical records that need to be reviewed for the external review.

For further information or to request an external review, contact the NCDOI at:

The Health Insurance Smart NC Program provides consumer counseling on utilization review and appeals issues.

Within ten business days (or, for an expedited review, within two days) after receipt of your request for an external review, the NCDOI will let you and your PROVIDER know in writing whether your request is complete and whether it has been accepted. If the NCDOI notifies you that your request is incomplete, you must provide all
NEED TO APPEAL OUR DECISION? (cont.)

requested information to the NCDOI within 150 days of the written notice from BCBSNC upholding an ADVERSE BENEFIT DETERMINATION, which initiated your request for an external review.

If the NCDOI accepts your request, the acceptance notice will include the following:
   (i) name and contact information for the IRO assigned to your case;
   (ii) a copy of the information about your case that BCBSNC has provided to the NCDOI; and
   (iii) a notification that you may submit additional written information and supporting documentation relevant to the initial ADVERSE BENEFIT DETERMINATION to the assigned IRO within seven days after the receipt of the notice.

It is presumed that you have received written notice two days after the notice was mailed. Within seven days of BCBSNC’s receipt of the acceptance notice (or, for an expedited review, within the same business day), BCBSNC shall provide the IRO and you, by the same or similar quick means of communication, the documents and any information considered in making the ADVERSE BENEFIT DETERMINATION. If you choose to give any additional information to the IRO, you must also give that same information to BCBSNC at the same time and by the same means of communication (e.g., you must fax the information to BCBSNC if you faxed it to the IRO). When sending additional information to BCBSNC, send it to:

Blue Cross and Blue Shield of North Carolina
Member Appeals
PO Box 30055
Durham, NC 27702-3055

Please note that you may also give this additional information to the NCDOI within the seven-day deadline rather than sending it directly to the IRO and BCBSNC. The NCDOI will forward this information to the IRO and BCBSNC within two days after receiving the additional information.

The IRO will send you written notice of its decision within 45 days (or, for an expedited review, within three days) after the date the NCDOI received your external review request. If the IRO’s decision is to reverse the ADVERSE BENEFIT DETERMINATION, BCBSNC will, within three business days (or, for an expedited review, the same day) after receiving notice of the IRO’s decision, reverse the ADVERSE BENEFIT DETERMINATION and provide coverage for the requested service or supply. If you are no longer covered by BCBSNC at the time BCBSNC receives notice of the IRO’s decision to reverse the ADVERSE BENEFIT DETERMINATION, BCBSNC will only provide coverage for those services or supplies you actually received or would have received prior to disenrollment if the service had not been noncertified when first requested.

The IRO’s external review decision is binding on BCBSNC and you, except to the extent you may have other actions available under applicable federal or state law. You may not file a subsequent request for an external review involving the same ADVERSE BENEFIT DETERMINATION for which you have already received an external review decision.
ADDITIONAL TERMS OF YOUR COVERAGE

Benefits to Which Members Are Entitled
The only legally binding benefits are described in this benefit booklet. The terms of your coverage cannot be changed or waived unless BCBSNC agrees in writing to the change.

The benefits described in this benefit booklet are provided only for Members. These benefits and the right to receive payment under this health benefit plan cannot be transferred or assigned to any other person or entity, including Providers. BCBSNC may pay a PROVIDER directly. For example, BCBSNC pays IN-NETWORK PROVIDERS directly under applicable contracts with those PROVIDERS. However, any PROVIDER’s right to be paid directly is through such contract with BCBSNC, and not through this health benefit plan. Under this health benefit plan, BCBSNC has the sole right to determine if payment for services is made to the PROVIDER, to the SUBSCRIBER, or allocated among both. BCBSNC’s decision to pay a PROVIDER directly in no way reflects or creates any rights of the PROVIDER under this health benefit plan, including, but not limited to, benefits, payments or procedures.

If a MEMBER resides with a custodial parent or legal guardian who is not the SUBSCRIBER, BCBSNC will, at its option, make payment to either the PROVIDER of the services or to the custodial parent or legal guardian for services provided to the MEMBER. If the SUBSCRIBER or custodial parent or legal guardian receives payment, it is his or her responsibility to pay the PROVIDER.

Benefits for COVERED SERVICES specified in this health benefit plan will be provided only for services and supplies that are performed by a PROVIDER as specified in this health benefit plan and regularly included in the ALLOWED AMOUNT. BCBSNC establishes coverage determination guidelines that specify how services and supplies must be billed in order for payment to be made under this health benefit plan.

Any amounts paid by BCBSNC for noncovered services or that are in excess of the benefit provided under your Blue Advantage coverage may be recovered by BCBSNC. BCBSNC may recover the amounts by deducting from a MEMBER’s future claims payments. This can result in a reduction or elimination of future claims payments. In addition, under certain circumstances, if BCBSNC pays the PROVIDER amounts that are your responsibility, such as deductible, copayments or coinsurance, BCBSNC may collect such amounts directly from you.

BCBSNC will recover amounts we have paid for work-related accidents, injuries or illnesses covered under state workers’ compensation laws upon final adjudication of the claim or an order of the applicable state agency approving a settlement agreement. It is the legal obligation of the MEMBER, the employer or the workers’ compensation insurer (whoever is responsible for payment of the medical expenses) to notify BCBSNC in writing that there has been a final adjudication or settlement.

PROVIDERS are independent contractors, and they are solely responsible for injuries and damages to MEMBERS resulting from misconduct or negligence.

BCBSNC’s Disclosure of Protected Health Information (PHI)
At BCBSNC, we take your privacy seriously. We handle all PHI as required by state and federal laws and regulations and accreditation standards. We have developed a privacy notice that explains our procedures.

Administrative Discretion
BCBSNC has the authority to make reasonable determinations in the administration of coverage. These determinations will be final. Such determinations include decisions concerning eligibility for benefits (for non-MARKETPLACE plans), coverage of services, care, treatment, or supplies, and reasonableness of charges. BCBSNC medical policies are guides considered by BCBSNC when making coverage determinations. If you purchased a MARKETPLACE plan, the MARKETPLACE makes all eligibility determinations and has the authority to make changes to their eligibility requirements at any time.

North Carolina PROVIDER Reimbursement
BCBSNC has contracts with certain PROVIDERS of health care services for the provision of, and payment for, health care services provided to all MEMBERS entitled to health care benefits. BCBSNC’s payment to PROVIDERS may be based on an amount other than the billed charges, including, without limitation, an amount per confinement or episode of care, agreed upon schedule of fees, or other methodology as agreed upon by BCBSNC and the PROVIDER. Under certain circumstances, a contracting PROVIDER may receive payments from BCBSNC greater than the charges for services provided to an eligible MEMBER, or BCBSNC may pay less than charges for services, due to negotiated contracts. The MEMBER is not entitled to receive any portion of the payments made under the terms of contracts with PROVIDERS. The MEMBER’s liability when defined as a percent of charge shall be calculated based on the lesser of the ALLOWED AMOUNT or the PROVIDER’s billed charge for COVERED SERVICES provided to a MEMBER.

Some OUT-OF-NETWORK PROVIDERS have other agreements with BCBSNC that affect their reimbursement for COVERED SERVICES provided to Blue Advantage MEMBERS. These PROVIDERS agree not to bill MEMBERS for any charges higher than their agreed upon, contracted amount. In these situations, MEMBERS will be responsible for the difference between the Blue Advantage ALLOWED AMOUNT and the contracted amount.

OUT-OF-NETWORK PROVIDERS may bill you directly. If you are billed, you may be responsible for paying the bill and filing a claim with BCBSNC.

Services Received Outside of North Carolina
BCBSNC has a variety of relationships with other Blue Cross and/or Blue Shield licensees, generally referred to as “Inter-Plan Arrangements.” As a MEMBER of BCBSNC, you have access to PROVIDERS outside the state of North Carolina.

Your ID CARD tells PROVIDERS that you are a MEMBER of BCBSNC. While BCBSNC maintains its contractual obligation to provide benefits to MEMBERS for COVERED SERVICES, the Blue Cross and/or Blue Shield licensee in the service area where you receive services (“Host Blue”) is responsible for contracting with and generally handling all interactions with its participating PROVIDERS.

If you receive inpatient FACILITY services from an IN-NETWORK PROVIDER outside of North Carolina, except for Veterans’ Affairs (VA) and military PROVIDERS, the PROVIDER is responsible for requesting PRIOR REVIEW. If you see any other PROVIDER outside the State of North Carolina, you are responsible for ensuring that you or the PROVIDER requests PRIOR REVIEW by BCBSNC. Failure to request PRIOR REVIEW and obtain CERTIFICATION will result in a full denial of benefits. If you experience an EMERGENCY while traveling outside the state of North

Carolina, go to the nearest EMERGENCY or URGENT CARE facility.

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for DENTAL SERVICES (unless provided under your medical benefits), PRESCRIPTION DRUG or vision care benefits that may be administered by a third party contracted by BCBSNC to provide the specific service or services.

Whenever you obtain health care services outside the area in which the BCBSNC network operates, the claims for these services may be processed through the BlueCard® Program, which is included in Inter-Plan Arrangements. Under the BlueCard® Program, the amount you pay toward such COVERED SERVICES, such as deductibles, copayments or coinsurance, is usually based on the lesser of:

- The billed charges for your COVERED SERVICES, or
- The negotiated price that the Host Blue passes on to us. This “negotiated price” can be:
  - A simple discount that reflects the actual price paid by the Host Blue to your PROVIDER
  - An estimated price that factors in special arrangements with your PROVIDER or with a group of PROVIDERS that may include types of settlements, incentive payments, and/or other credits or charges
  - An average price, based on a discount that reflects the expected average savings for similar types of health care PROVIDERS after taking into account the same types of special arrangements as with an estimated price.

The estimated or average price may be adjusted in the future to correct for over- or underestimation of past prices. However, such adjustments will not affect the price that BCBSNC uses for your claim because they will not be applied retroactively to claims already paid.

Federal law or the laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

If you receive COVERED SERVICES from a non-participating PROVIDER outside the state of North Carolina, the amount you pay will generally be based on either the Host Blue’s non-participating PROVIDER local payment or the pricing arrangements required by applicable state law. However, in certain situations, BCBSNC may use other payment bases, such as billed charges, to determine the amount BCBSNC will pay for COVERED SERVICES from a non-participating PROVIDER. In other exception cases, BCBSNC may pay such a claim based on the payment it would make if BCBSNC were paying a non-participating PROVIDER for the same covered healthcare services inside of BCBSNC’s SERVICE AREA, where the Host Blue’s corresponding payment would be more than BCBSNC’s in-service area non-participating PROVIDER payment, or in BCBSNC’s sole and absolute discretion, BCBSNC may negotiate a payment with such a PROVIDER on an exception basis. In any of these situations, you may be liable for the difference between the non-participating PROVIDER’s billed amount and any payment BCBSNC would make for the COVERED SERVICES. Federal or state law, as applicable, will govern payments for OUT-OF-NETWORK EMERGENCY services.

Value-Based Programs: BlueCard® Program

If you receive COVERED SERVICES under a Value-Based Program inside a Host Blue’s service area, you will not be responsible for paying any of the PROVIDER Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to BCBSNC through average pricing or fee schedule adjustments. These fees are part of the total cost of the claim and you will not be charged separately for them.
ADDITIONAL TERMS OF YOUR COVERAGE (cont.)

Blue Cross Blue Shield Global Core
If you are outside the United States (hereinafter “BlueCard service area”), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing COVERED SERVICES. Blue Cross Blue Shield Global Core is unlike the BlueCard® Program available in the BlueCard® service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient and professional PROVIDERS, the network is not served by a Host Blue. As such, when you receive care from PROVIDERS outside the BlueCard® service area, you will typically have to pay the PROVIDERS and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a DOCTOR or HOSPITAL) outside the BlueCard® service area, you should call the Blue Cross Blue Shield Global Core service center at 1-800-810-2583 (BLUE) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

Inpatient Services
In most cases, if you contact the service center for assistance, HOSPITALS will not require you to pay for covered inpatient services, except for any applicable copay, deductible or coinsurance amounts. In such cases, the HOSPITAL will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for COVERED SERVICES. You must contact BCBSNC to obtain precertification for non-EMERGENCY inpatient services.

Outpatient Services
Physicians, URGENT CARE centers and other outpatient PROVIDERS located outside the BlueCard® service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for COVERED SERVICES.

Submitting a Blue Cross Blue Shield Global Core Claim
When you pay for COVERED SERVICES outside the BlueCard® service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a claim form and send the claim form with the PROVIDER’S itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from BCBSNC, the service center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1-800-810-2583 (BLUE) or call collect at 1-804-673-1177, 24 hours a day, seven days a week.

Misrepresentation
If a MEMBER’S actions result in an act or practice that constitutes fraud or makes an intentional misrepresentation of a material fact, BCBSNC, in its discretion, may: 1) after 30 days advance written notice, void your policy and/or rider retroactive to the original EFFECTIVE DATE, and any premium paid may be refunded after BCBSNC deducts the amount for any claims paid, or 2) terminate your policy and/or rider immediately.

In the first two years of coverage, if there are any other false or incomplete statements on your application, BCBSNC, in its discretion, may reform your policy and/or rider to a higher rate tier resulting in the appropriate higher premium.
ADDITIONAL TERMS OF YOUR COVERAGE (cont.)

BCBSNC Modifications
No one may waive or change the coverage other than an officer authorized by the Board of Trustees. However, if any provision of this health benefit plan is in conflict with the statutes of North Carolina, it should be considered to be automatically amended to conform to the minimum requirements of such statutes. This benefit booklet, together with any amendments and applications for coverage, is the entire agreement between you and BCBSNC. Any changes must be in writing.

BCBSNC Notifications
Any notice sent to a MEMBER, custodial parent or legal guardian is considered received by the MEMBER, custodial parent or legal guardian when deposited in the United States mail, with postage prepaid addressed to the MEMBER, custodial parent, legal guardian or agent at the address as shown on BCBSNC’s records.

BCBSNC Contract
This policy is a contract between you and BCBSNC, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield plans, permitting BCBSNC to use the Blue Cross and Blue Shield service marks in the state of North Carolina. BCBSNC is not contracting as an agent of the Blue Cross and Blue Shield Association. You hereby acknowledge and agree that you have not entered into this policy based upon representations by any person other than BCBSNC and that no person, entity or organization other than BCBSNC shall be held accountable or liable to you for any obligations to you created under this policy. This paragraph shall not create any additional obligations whatsoever on the part of BCBSNC other than those obligations created under other provisions of this agreement.

This policy is made, executed and delivered in the State of North Carolina, and it and the MEMBER coverage provided shall be governed under the laws of the State of North Carolina, except to the extent preempted by federal law. Any provision of this policy that conflicts with the laws of the State of North Carolina is amended to conform to the minimum requirements of such laws.

Notice of Claim
BCBSNC will not be liable for payment of benefits unless proper notice is furnished to BCBSNC that COVERED SERVICES have been provided to a MEMBER. If the MEMBER files the claim, written notice must be given to BCBSNC within 18 months after the MEMBER incurs the COVERED SERVICE, except in the absence of legal capacity of the MEMBER. The notice must be on an approved claim form and include the data necessary for BCBSNC to determine benefits.

Limitation of Actions
No legal action may be taken to recover benefits for 60 days after the Notice of Claim has been given as specified above and until you have exhausted all administrative remedies, including following the appeals process described in “Need to Appeal Our Decision?” No legal action may be taken later than three years from the date services are INCURRED. Any legal action will be governed by North Carolina law.

Evaluating New Technology
In an effort to allow for continuous quality improvement, BCBSNC has processes in place to evaluate new medical technology, procedures and equipment. These policies allow us to determine the best services and products to offer our MEMBERS. They also help us keep pace with the ever-advancing medical field. Before implementing any new or revised policies, we review professionally supported scientific literature as well as state
and federal guidelines, regulations, recommendations and requirements. We then seek additional input from PROVIDERS who know the needs of the patients they serve.
SPECIAL PROGRAMS

Programs Outside Your Regular Benefits
BCBSNC may offer or provide programs that are outside your regular benefits. These offers or programs may be changed from time to time. Following are examples of programs that may be included outside your regular benefits:

- Health and wellness programs
- Discounts or promotional offers on goods and services from other companies including certain types of PROVIDERS
- Service programs for MEMBERS identified with complex health care needs, including a dedicated administrative contact, consolidated claims data information, and supportive gift items
- Rewards or drawings for gifts based on activities related to online tools found on BCBSNC’s website
- Rewards or drawings for gifts based on participation in initiatives and/or programs to reduce health care costs
- Periodic drawings for gifts, which may include club memberships and trips to special events, based on submitting information
- Rewards for participation in wellness/educational activities. Reward type may be based on program participation levels and membership duration
- Charitable donations made on your behalf by BCBSNC.

BCBSNC may not provide some or all of these items directly, but may instead arrange these for your convenience. These discounts or promotional offers are outside your health plan benefits. BCBSNC is not liable for problems resulting from goods and services it does not provide directly, such as goods and services not being provided or being provided negligently. The gifts and charitable donations are also outside your health plan benefits. BCBSNC is not liable for third party providers’ negligent provision of the gifts. BCBSNC may stop or change these programs at any time.

Health Information Services
If you have certain health conditions, BCBSNC or a representative of BCBSNC may contact you to provide information about your condition, answer questions and tell you about resources that may be available to you. Your participation is voluntary, and your medical information will be kept confidential.
GLOSSARY

These definitions will help you understand this health benefit plan. Please note that some of these terms may not apply to this health benefit plan.

ADVERSE BENEFIT DETERMINATION
A denial, reduction, or termination of, or failure to provide or make full or partial payment for a benefit, including one that results from the application of any utilization review, or a failure to cover an item or service for which benefits are otherwise provided because it is determined to be EXPERIMENTAL or INVESTIGATIONAL or not MEDICALLY NECESSARY or appropriate. Rescission of coverage and initial eligibility determinations are also included as adverse benefit determinations.

ALLOWED AMOUNT
The maximum amount that BCBSNC determines is reasonable for COVERED SERVICES provided to a MEMBER. The allowed amount includes any BCBSNC payment to the PROVIDER, plus any deductible, coinsurance or copayment. For PROVIDERS that have entered into an agreement with BCBSNC, the allowed amount is the negotiated amount that the PROVIDER has agreed to accept as payment in full. Except as otherwise specified in “EMERGENCY Care,” for PROVIDERS that have not entered into an agreement with BCBSNC, the allowed amount will be the lesser of the PROVIDER’s billed charge or an amount based on an OUT-OF-NETWORK fee schedule established by BCBSNC or through the BlueCard® system that is applied to comparable PROVIDERS for similar services under a similar health benefit plan. Where BCBSNC has not established an OUT-OF-NETWORK fee schedule amount for the billed service, the allowed amount will be the lesser of the PROVIDER’s billed charge or an amount established by BCBSNC or through the BlueCard® system using a methodology that is applied to comparable PROVIDERS who may have entered into an agreement with BCBSNC for similar services under a similar health benefit plan. Other than as described above, BCBSNC will not pay the OUT-OF-NETWORK PROVIDER’s billed charge unless doing so is required in order to comply with North Carolina Statutes. Calculation of the allowed amount is based on several factors, including BCBSNC’s medical, payment and administrative guidelines. Under the guidelines, some procedures charged separately by the PROVIDER may be combined into one procedure for reimbursement purposes.

The use of a service or supply including, but not limited to, treatment, procedure, facility, equipment, drug, or device that BCBSNC does not recognize as standard medical care of the condition, disease, illness, or injury being treated. The following criteria are the basis for BCBSNC’s determination that a service or supply is investigational:

a) Services or supplies requiring federal or other governmental body approval, such as drugs and devices that do not have unrestricted market approval from the U.S. Food and Drug Administration (FDA) or final approval from any other governmental regulatory body for use in treatment of a specified condition. Any approval that is granted as an interim step in the regulatory process is not a substitute for final or unrestricted market approval.

b) There is insufficient or inconclusive scientific evidence in peer-reviewed medical literature to permit BCBSNC’s evaluation of the therapeutic value of the service or supply.

c) There is inconclusive evidence that the service or supply has a beneficial effect on health outcomes.

d) The service or supply under consideration is not as beneficial as any established alternatives.

e) There is insufficient information or inconclusive scientific evidence that, when utilized in a non-investigational setting, the service or supply has a beneficial effect on health outcomes and is as beneficial as any established alternatives.

If a service or supply meets one or more of the criteria, it is deemed investigational, except for clinical trials as described under this health benefit plan. Determinations are made solely by BCBSNC after independent review of scientific data. Opinions of experts in a particular field and/or opinions and assessments of nationally recognized review organizations may also be considered by BCBSNC but are not determinative or conclusive.

Residents of this state who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the North Carolina Life and Health Insurance Guaranty Association. The purpose of this association is to assure that policyholders will be protected, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the guaranty association will assess its other member insurance companies for the money to pay the claims of the insured persons who live in this state and, in some cases, to keep coverage in force. The valuable extra protection provided by these insurers through the guaranty association is not unlimited, however. And, as noted in the box below, this protection is not a substitute for consumers’ care in selecting companies that are well-managed and financially stable.

The North Carolina Life and Health Insurance Guaranty association may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in North Carolina. You should not rely on coverage by the North Carolina Life and Health Insurance Guaranty Association in selecting an insurance company or in selecting an insurance policy.

Coverage is NOT provided for your policy or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as a variable contract sold by prospectus.

Insurance companies or their agents are required by law to give or send you this notice. However, insurance companies and their agents are prohibited by law from using the existence of the guaranty association to induce you to purchase any kind of insurance policy.

The state law that provides for this safety-net coverage is called the North Carolina Life and Health Insurance Guaranty Association Act. On the back of this page is a brief summary of this law’s coverages, exclusions and limits. This summary does not cover all provisions of the law; nor does it in any way change anyone’s rights or obligations under the act or the rights or obligations of the guaranty association.

COVERAGE

Generally, individuals will be protected by the life and health insurance guaranty association if they live in this state and hold a life or health insurance contract, or an annuity, or if they are insured under a group insurance contract, issued by a member insurer. The beneficiaries, payees or assignees of insured persons are protected as well, even if they live in another state.

EXCLUSIONS FROM COVERAGE

However, persons holding such policies are not protected by this association if:

- they are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- the insurer was not authorized to do business in this state;
- their policy was issued by an HMO, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, or by an insurance exchange.
The association also does not provide coverage for:

- any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
- any policy of reinsurance (unless an assumption certificate was issued);
- interest rate yields that exceed the average rate specified in the law;
- dividends;
- experience or other credits given in connection with the administration of a policy by a group contract holder;
