As an individual or group member, you can see any licensed dentist (dental provider) you prefer, but choosing one from our network has its advantages:

- You’re not responsible for charges over the allowed amount for covered services from a network dental provider – that’s more savings on out-of-pocket dental expenses.

- Less paperwork for you: Network dental providers will file your dental claims for you.

If you’re a group member with access to our DentalPlus provider network, the DentalPlus network includes the same BCBSNC network in North Carolina, plus additional providers across the United States. Check your member ID card to find out if you have DentalPlus access, or contact your group administrator for help.

DISCLAIMER: You must be enrolled in a dental plan that offers a participating provider arrangement. Please refer to your Member Guide for details.

THIS DATA UPDATED AS NEEDED TWICE PER MONTH

We do our best to post the most accurate, up-to-date information. However, because we continually add providers to our network and providers occasionally decide to discontinue their participation, we cannot guarantee the accuracy or currency of our information at the time of your search.
