| <p>The Blue Cross and Blue Shield of North Carolina online provider directory is developed using information from network providers, facilities and other third parties. BCBSNC does its best to post the most accurate, up-to-date information. However, because providers are continually added to our network and providers occasionally decided to discontinue their participation, we cannot guarantee the accuracy or currency of our information at the time of your search. Also, mental health providers in our provider directory may offer substance abuse services. Please contact your mental health provider to determine if these services are offered.</p> | | | | | | | | | |
