Patient number:

The Effective Date Coverage of Your Current {insert type}
Services Will End: **{insert effective date}**

- Your Medicare health plan and/or provider have determined that Medicare probably will not pay for your current {insert type} services after the effective date indicated above.
 - You may have to pay for any services you receive after the above date.
-

Your Right to Appeal This Decision

- You have the right to an immediate, independent medical review (appeal) of the decision to end Medicare coverage of these services. Your services will continue during the appeal.
 - If you choose to appeal, the independent reviewer will ask for your opinion. The reviewer also will look at your medical records and/or other relevant information. You do not have to prepare anything in writing, but you have the right to do so if you wish.
 - If you choose to appeal, you and the independent reviewer will each receive a copy of the detailed explanation about why your coverage for services should not continue. You will receive this detailed notice only after you request an appeal.
 - If you choose to appeal, and the independent reviewer agrees services should no longer be covered after the effective date indicated above, neither Medicare nor your plan will pay for these services after that date.
 - If you stop services no later than the effective date indicated above, you will avoid financial liability.
-

How to Ask For an Immediate Appeal

- You must make your request to your Quality Improvement Organization (also known as a QIO). A QIO is the independent reviewer authorized by Medicare to review the decision to end these services.
- Your request for an immediate appeal should be made as soon as possible, but no later than noon of the day before the effective date indicated above.
- The QIO will notify you of its decision as soon as possible, generally no later than the effective date of this notice.
- Call your QIO at: {insert name and number of QIO} to appeal, or if you have questions.

See the back of this notice for more information.

Other Appeal Rights:

- If you miss the deadline for requesting an immediate appeal with the QIO, you still may request an expedited appeal from your Medicare Health plan. If your request does not meet the criteria for an expedited review, your plan will review the decision under its rules for standard appeals. Please see your Evidence of Coverage for more information.
- Contact your plan or 1-800-MEDICARE (1-800-633-4227), or TTY: 1-877-486-2048 for more information about the appeals process.

Form Instructions for the Notice of Medicare Non-Coverage (NOMNC) CMS-10123

When to Deliver the NOMNC

A Medicare provider or health plan must give an advance, completed copy of the Notice of Medicare Non-Coverage (NOMNC) to beneficiaries/enrollees receiving skilled nursing, home health, comprehensive outpatient rehabilitation facility, and hospice services not later than two days before the termination of services. This notice fulfills the requirement at 42 CFR §405.1200(b)(1) and (2) and 42 CFR 422.624(b)(1) and (2). In situations where the termination decision is not delegated to a provider by a health plan, the plan must provide the service termination date to the provider not later than two days before the termination of services for timely delivery to occur.

Valid Notice Delivery

This notice must be validly delivered. Valid delivery means that the beneficiary/enrollee must be able to understand the purpose and contents of the notice in order to sign for receipt of it. The beneficiary must be able to understand that he or she may appeal the termination decision. If the beneficiary/enrollee is not able to comprehend the contents of the notice, it must be delivered to and signed by a representative.

Valid delivery does not preclude the use of assistive devices, witnesses, or interpreters for notice delivery. Thus, if a beneficiary/enrollee is not able to physically sign the notice to indicate receipt, then delivery may be proven valid by other means.

In general, notices are valid when all patient specific information required by the notice is included, and any non-conformance is minor; that is, the non-conformance does not change the meaning of the notice or the ability to request an appeal. For example, misspelling the word “health” is a minor non-conformance of the notice that would not invalidate the notice. However, a transposed phone number on the notice would not be considered a minor non-conformance since the beneficiary/enrollee would not be able to contact the QIO to file an appeal. Errors brought to the attention of the provider or plan should also be reported to the appropriate regional office staff member.

Notice Delivery to Incompetent Beneficiaries/Enrollees in an Institutionalized Setting

CMS requires that notification of changes in coverage for an institutionalized beneficiary/enrollee who is not competent be made to a representative. Notification to the representative may be problematic because he or she may not be available in person to acknowledge receipt of the required notification. Providers are required to develop procedures to use when the beneficiary/enrollee is incapable or incompetent, and the provider cannot obtain the signature of the beneficiary’s/enrollee’s representative through direct personal contact. If the provider is unable to personally deliver a notice of noncoverage to a person acting on behalf of a beneficiary/enrollee, then the provider should telephone the representative to advise him or her when the beneficiary’s services are no longer covered.

The date of the conversation is the date of the receipt of the notice. Confirm the telephone contact by written notice mailed on that same date. When direct phone contact cannot be made, send the notice to the representative by certified mail, return receipt requested. The date that someone at the representative's address signs (or refuses to sign) the receipt is the date of receipt. Place a dated copy of the notice in the beneficiary's/enrollee's medical file. When notices are returned by the post office, with no indication of a refusal date, then the beneficiary's liability starts on the second working day after the provider's mailing date.

Special Circumstances

Do not use the NOMNC if coverage is being terminated for any of the following reasons:

- Because the Medicare benefit is exhausted
- For denial of Medicare admission
- For denial of a service that is not a Medicare benefit
- Due to a reduction or termination of a Medicare service that does not end the skilled Medicare stay

In these cases, the plan must issue the CMS form 10003 – Notice of Denial of Medical Coverage (NDMC). (Health plans only)

Modifications to the NOMNC

The NOMNC is a standardized notice. Therefore, providers and plans may not re-write, re-interpret, or insert non-OMB-approved language into the body of the notice except where indicated. Without CMS regional office approval, however, you may modify the form for mass printing to indicate the kind of service being terminated if only one type of service is provided, i.e., skilled nursing, home health, comprehensive outpatient rehabilitation, or hospice. You may also modify the form to reference the kind of plan issuing the notice. Notices may not be highlighted or shaded. Additionally, text must be no less than 12-point type, and the background must be high contrast. Please note that the CMS form number and OMB control number must be displayed on the notice.
