

## DRUG AND BIOLOGICAL WASTAGE

File Name: drug\_biological\_wastage

Origination: 6/2021

Last Review: 12/2021

Next Review: 12/2022

### Description

This policy provides direction on drug and biological wastage reimbursement as well as the appropriate use of Modifier JW.

Same group practice is defined as a physician and/or other qualified health care professional of the same group and same specialty with the same Federal Tax ID number.

### Policy

**Blue Cross Blue Shield North Carolina (Blue Cross NC) will provide reimbursement for drug and biological wastage, as indicated by Modifier JW, according to the criteria outlined in this policy.**

### Reimbursement Guidelines

Blue Cross NC will only reimburse one claim line of an administered drug or biological per day, per provider or same group practice. If multiple lines of the same drug/code are billed on the same claim or date of service and one line does not contain a JW modifier, the line(s) with an equal or lower quantity will be denied.

#### **Single Use Vial or Package**

Modifier JW is only valid when used to identify discarded/wasted drug or biological from a single use vial or package.

Reimbursement for drug or biological wastage (as indicated by the Modifier JW) will never exceed the units contained in the smallest single use vial or package available for purchase from the manufacturer(s).

Drug or biologic wastage (Modifier JW) must be filed with a separate claim line from the administered drug or biologic in order to be reimbursed. Drug or biologic wastage (Modifier JW) alone is not reimbursable.

#### **Multi-use Vial or Package**

Modifier JW cannot be used to indicate drug or biological wastage for multi-use vials. Wastage for multi-use vials is not reimbursable.

### Rationale

In alignment with CMS, Blue Cross NC will not provide reimbursement for discarded drugs or biologicals for multi-use vials.

Please refer to the “Drug Wastage” section in [Provider Manual](#) for more information related to claim filing.

## Billing and Coding

Applicable codes are for reference only and may not be all inclusive. For further information on reimbursement guidelines, please see Administrative Policies on the Blue Cross NC web site at [www.bcbsnc.com](http://www.bcbsnc.com). They are listed in the Category Search on the Medical Policy search page.

Modifier	Description
Modifier JW	Drug amount discarded/not administered to any patient

## History

6/9/2021	New policy developed. Blue Cross Blue Shield North Carolina (Blue Cross NC) will provide reimbursement for drug and biological wastage, as indicated by modifier JW, according to the criteria outlined in this policy. <b>Notification on 6/9/2021 for effective date 8/10/2021.</b> (eel)
12/30/21	Routine policy review. “Drug” clarified as “drug or biological” and “lower quantity” clarified as “equal or lower quantity” in Reimbursement Guidelines. Medical Director approved. (eel)

## Application

These reimbursement requirements apply to all commercial, Administrative Services Only (ASO), and Blue Card Inter-Plan Program Host members (other Plans members who seek care from the NC service area). This policy does not apply to Blue Cross NC members who seek care in other states.

This policy relates only to the services or supplies described herein. Please refer to the Member's Benefit Booklet for availability of benefits. Member's benefits may vary according to benefit design; therefore member benefit language should be reviewed before applying the terms of this policy.
